## Charge Against Dr. Wirt Taken Out Of Records

Congressman Changes Statement In Speech Made In Congress

DENY DR. WIRT WAS JAILED DURING WAR

Swick Voices Demand For Full Probe Of Charges By Gary Educator

(International News Service) WASHINGTON, April 12.—A direct charge that Dr. William A. Wirt, Gary, Ind., educator, was confined in jail because of pro-German activities during the World War was removed from the speech of Rep. Bulwinkle D. of North Carolina, as it appeared in the Congressional Record today.

After a flat denial was made in the house following Bulwinkle's speech yesterday by Rep. McGugin (R) of Kansas, Bulwinkle obtained permission to revise his remarks.

The sentence in Bulwinkle's speech which called forth the denial originally read:

Original Statement.

"If he had been, I would have brought from him the fact that during the war on account of his pro-German activities he was confined in the jail at Gary, Ind."

As the speech appeared in the Congressional Record, Bulwinkle said he would have brought from Dr. Wirt the fact "whether or not" he was confined in jail because of pro-German activities.

Charging that "the truth had been suppressed" McGugin demanded that a thorough investigation be made. He rapped action of the committee in denying minority members himself and Frederick R. Ehlbach.

## PA NEWC OBSERVES

Passing a street car at the corner of Mill and Washington street provided a costly venture for a local motorist last evening. It just happened that a machine was proceeding up Hill street and the two cars came together, resulting in the offending motorist receiving the worst of the bargain as far as damage to the machine was concerned.

Well today, the nasty, snowy weather is going to give many New Castle a little respite from beating carpets and such like.

Someone, probably a youngster, is torn down the stop sign at the corner of Cunningham and East Avenue, Pa Newc observed Wednesday.

A lot of auto drivers found just little concern this morning in the fact that the thermometer had dropped a couple of degrees under freezing, and they had already taken the anti-freeze from the radiators of their cars.

Some of the fishermen who have come up the Neshannock recently form Pa Newc that there are still lots of ice deposited along the banks of the creek in the vicinity of Neshannock Falls.

Another report given to Pa Newc was that an old-fashioned well body's weight was hauled down the hill in the past few days.

### INITIAL MEETING SHOWS ENTHUSIASM

With solicitation under way in earnest, leaders of the Young Men's Christian Association's annual membership campaign today held out hopes that the drive's goal of 800 members (new and renewal) may be recorded when the 28 men's teams and eight boys' teams assemble to make their first report at a dinner in the Y at 6:15 tonight.

General Chairman Julius V. Blaha expects to see at least a large percentage of the 800 subscribed when the first check is taken this evening.

COVER 1,000 PROSPECTS

With over 1,000 prospect cards to work on, the campaigners, who took the field last night, gave every indication of making this year's canvass a swift but thorough one. Team captains kept close contact with their workers as today passed in the hopes that every prospect listed might be seen.

The dinner-rally last night was addressed by Mr. Blaha, George E. Lyon, president of the Y board, and General Secretary R. L. Meermans. Invocation before dinner was pronounced by W. J. Offutt, Y board member and active campaigner. Other board members are also members of various teams.

ISTANBUL, April 12.—Samuel Insull started the long trip back to the United States today—back to Chicago to face trial on criminal charges.

Alone, heavily guarded by Turkish police, he was taken from the jail in old Istanbul where he has been a prisoner for ten days and placed aboard the steamship Adana in the harbor here. The Adana will carry him to Panderma, across the sea of Marmara, a train will take him from Panderma to Smyrna and there he will become, for the first time in his life, a prisoner of the United States government.

Darkness was just settling over the Golden Horn when secret service policemen emerged from the Istanbul detention house, escorting the man who once had headed a \$2,000,000,000 utilities empire and was known as a patron of the arts, to a closed limousine which sped away to the cuau where the Adana awaited to receive him.

A small crowd, kept in check by soldiers, had gathered outside the prison to witness Insull's departure.

Shanghai; Search Made  
By Capt. Hawks

(International News Service)

SHANGHAI, April 12—Leading a search for two missing American air mail pilots, Capt. Frank Hawks, American air ace, took off in a giant Curtiss biplane plane today.

The missing pilots, Robert Gast of Louisville, Ky., and James Finch of Miami, Florida, with two passengers, were last heard from when they attempted to bring their plane down in Hangchow bay but were unable to do so because of heavy fog.

The Hangchow bay district, 400 miles north of Shanghai, is infested by pirates and bandit bands and fears are felt for the safety of the missing Americans and their passengers.

American instructors at the Chinese Aviation school and all available pilots of the American Air Mail Lines have joined in the search.

Hawks made two flights in search of the missing fliers but returned without finding any trace of them. He will make another attempt to find them tomorrow.

PHILADELPHIA, April 12.—Mob violence broke out anew on Philadelphia's labor front today when a crowd of hundreds of strikers stormed the Bergman Knitting Mills in Germantown, precipitating a hand-to-hand battle with police in which ten persons were injured.

After the riot, the mob, estimated to number between 500 and 1,000 men and women, marched on the Germantown police station where 60 strikers had been taken after their arrest. A reinforced line of policemen barred the strikers' path to the station and the mob staged a demonstration, singing, shouting and jeering.

(International News Service)  
MOSCOW, April 12.—A sudden breaking up of the Bering Straits ice, similar to that which crushed and sank the Soviet ice-breaker Chelyuskin in February, today seriously imperiled 28 members of the unlucky Arctic expedition still marooned on an ice floe near the spot where their ship went down.

Soviet aviators who heroically took 62 men off the ice in 12 flights yesterday and the day before reported from Cape Van Karem today that the barracks, the kitchen, a motor launch and a quantity of supplies of the camp had been lost in the new ice movement, and that the plight of the 28 survivors had become critical.

One of the most serious phases of the ice movement was the destruction of the airfield which the marooned men had cleared on the ice.

Captains Make First Report; Nearly 500 Memberships Paid And Promised

## CAMPAIGN GOAL IS THOUSAND

Today commences the last lap on the journey to victory for the Y. W. C. A. membership campaign workers.

Confidence and encouragement were brought to the teams by the reports given Wednesday afternoon at the first report luncheon.

Paid and promised memberships totaling 496 were secured during the first week of the drive, according to the captains' reports at yesterday's luncheon in the Y. W. C. A. Green room. This included a total of 257 paid membership, 239 promises of memberships, and \$291 in cash. The goal which is hoped to be reached by April 17 is 1,000 members.

Standing at the top in the campaign is the team headed by Mrs. J. W. Rhodes and Mrs. Glenn Berry. This team has secured 40 members and \$40 in cash. Six memberships secured by Dr. Mildred Rogers, membership committee chairman, were added to the number, making

ABOARD U. S. S. CHICAGO, AT SEA, April 12.—Climaxing their first colorful 36-hour battle maneuver at sea, the 110 ships of the U. S. fleet today were back in cruising formation headed southward along the west coast of Mexico on the trip from the Pacific through the Panama Canal to Atlantic waters.

The exercises officially ended in a "draw."

Admiral Joseph Mason Reeves commanded the blue fleet with a force of battleships, the giant dirigible Macon, the aircraft carriers Saratoga and Langley, some destroyers and auxiliary vessels, which started Tuesday for a simulated attack.

His suspected trail led through Tennessee, Alabama, Mississippi, Louisiana and Texas.

Two men who flashed a sub-machine gun on a pair of suspicious policemen at Nashville, Tuesday night, and fled, began the hue and cry. Federal agents, after a secret investigation announced they were convinced one of them was John Hamilton, member of the Dillinger mob. It was thought his companion may have been Dillinger.

DEATH OF CHILD IS BEING PROBED

(International News Service)

CHICAGO, April 12.—George Rogalski, the 13-year-old schoolboy who "hasn't cried since he was a year old," today submitted to a searching mental examination preliminary to prosecution for the kidnap death of little Dorette Zieflow, 2½ years old.

George was locked up in the county jail as the youngest prisoner ever held there after hearing a coroner's jury recommend that he be held to the grand jury for the murder of Dorette. The child died of starvation and exposure while she was held prisoner in an abandoned ice house for 51 hours without clothes.

Although a "moral imbecile" the youth is legally sane and of a better than average intellect, it was announced by Dr. Harry Hoffman, head of the criminal court behavior clinic, following a preliminary examination.

To Charge Murder.

Assistant Prosecutor Richard Reagan said an indictment for murder or manslaughter will be asked of the grand jury.

With the same stoical calm that marked his attitude before the coroner's jury the 13-year-old boy faced the mental examination without show of normal emotions. He showed no remorse and no tears.

"Did you cry at all since you kidnaped the little girl?" he was asked. "No, I haven't cried since I was a year old, my mother tells me," was the young prisoner's answer to psychiatrists.

"I suppose I am a murderer, maybe they will hang me."

Michael Rogalski, father of the boy, upon hearing the coroner's jury verdict, said:

"Let them hang him, if that's what he deserves. I don't want to see him again."

Tri Quad Club.

The presence of three special guests, Miss Elizabeth Morrow, Mrs. Russell Grannis and Mrs. Carrie Wharton, added interest to the Tri Quad assembly Wednesday evening with Miss Mae Cromie of Croton as evening hostess.

Cards offered diversion with the prizes going to Misses Marge Biddle and Geraldine McClelland.

Miss Lois Biggins invited the girls to be her guests on April 25.

SENATOR D. A. REED  
GUEST HERE FRIDAY

(Continued From Page One)

The exact time of the lunch is not set as Chairman Robert M. White is allowing for delays incidental to such a tour.

Following the noon luncheon, Senator Reed will rest until 3:30 when a public reception will be held in the Castleton hotel lobby. Men and women of the city and county are invited to come in and meet Senator Reed.

Dinner For Public.

The Reed dinner will be held at six thirty in the Castleton ballroom and this also is open to the public to the limit of the ballroom's capacity. There are still a few tickets available and can be secured at the desk in the Castleton.

From indications over the county the candidacy of Senator Reed seems to be meeting with increasing favor. In his service in the upper house in Washington he has been active since he was first made senator.

Even his opponents in the senate agree as to his ability and integrity and the people of the state are coming to a realization of his worth as a statesman.

a climax of work. Less than 24 hours before he left here aboard the presidential special bound for Washington, he was deep in the intricacies of NRA problems presented to him by recovery Administrator Johnson.

On the train Johnson was called into the presidential car for conferences before the train was an hour out of Miami. Before tomorrow when the president arrives in Washington several vital problems in the NRA will have been settled.

Heads Northward

Aboard Presidential Special En Route To Washington, April 12—President Roosevelt headed northward for the White House from Miami today after two weeks of vacationing and fishing aboard Vincent Astor's yacht, the *Nourmahal*.

The Astor yacht warped into dock here about 7:30 a. m., and shortly afterwards the president was greeted by his recovery administrator Hugo S. Johnson, NRA Counsel Donald R. Riddleberg and his secretary, Colonel Marvin H. McIntyre.

Less than half an hour after the train pulled out of Miami, the executive was busy going over NRA problems with his recovery captain.

Mr. Roosevelt looked much refreshed when he left the yacht and went to the train by automobile. Two weeks on the water have tanned and given his face the ruddy hue of excellent health.

The train left at 9:30 a. m.

James Roosevelt, the president's son, came off the gangplank with his father, Mayor E. V. Sewell of Miami greeted the president, with pleasantness. The executive posed for pictures, with his son, spoke to a number of friends in the crowd which greeted him, and was driven to the train. Guests aboard the Astor boat, except Lytle Hull, rode northward with the president.

# TO CHARGE CHICAGO BOY WITH MURDER

## Youth Exhibits Stoical Manner

Regarded As "Moral Imbecile" But Believed To Be Legally San.

## DEATH OF CHILI IS BEING PROBED

(International News Service) CHICAGO, April 12.—George Rogalski, the 13-year-old schoolboy who "hasn't cried since he was a year old," today submitted to a searching mental examination preliminary to prosecution for the kidnap death of little Dorette Zietlow, 2½ years old. George was locked up in the county jail as the youngest prisoner ever held there after hearing a coroner's jury recommend that he be held to the grand jury for the murder of Dorette. The child died of starvation and exposure while she was held prisoner in an abandoned ice house for 51 hours without clothes.

Although a "moral imbecile" the youth is legally sane and of better than average intellect, it was announced by Dr. Harry Hoffman, head of the criminal court behavior clinic, following a preliminary examination.

### To Charge Murder.

Assistant Prosecutor Richard Regan said an indictment for murder or manslaughter will be asked of the grand jury.

With the same stoical calm that marked his attitude before the coroner's jury the 13-year-old boy faced the mental examination without show of normal emotions. He showed no remorse and no tears.

"Did you cry at all since you kidnapped the little girl?" he was asked.

"No, I haven't cried since I was a year old, my mother tells me," was the young prisoner's answer to psychiatrists.

"I suppose I am a murderer, maybe they will hang me."

Michael Rogalski, father of the boy, upon hearing the coroner's jury verdict, said:

"Let them hang him, if that's what he deserves. I don't want to see him again."

### Tri Quad Club.

The presence of three special guests, Miss Elizabeth Morrow, Mrs. Russell Grannis and Mrs. Carrie Wharton, added interest to the Tri Quad assembly Wednesday evening with Miss Mae Cromie of Croton as evening hostess.

Cards offered diversion with the prizes going to Misses Maree Biddle and Geraldine McClelland.

Miss Lois Biggins invited the girls to be her guests on April 25.

### CAR WON'T 'WHOA'.

(International News Service)

JACKSON, Wyo., April 12.—If these automobiles would only "whoa" when told to, Bill Giles would still be driving his. Giles, 63, who for years handled the reins of six horses on early-day stagecoaches over Teton pass, beating of hostile Indians and swimming rivers, looked ruefully at the remnants of his wrecked car, overturned beside a rain-soaked road. "I just can't handle gasoline in the rain," he observed.

A hosiery stylist designed a dress for herself which was her idea of what the well-dressed business woman should wear from nine to nine. A dress house asked her to let them use her design—and it clicked with the public.

## SWIFTLY THE AGONY OF NEURITIS AND RHEUMATISM DEPARTS

Over 90% Of All Cases Of Rheumatism Are Caused Or Aggravated By Excess Uric Acid

If your trouble is due to such a cause and 9 times out of 10 it is just like Eckerd's of New Castle, Inc. or any modern druggist for an eight ounce bottle of ALLENRUH and then, if you are not satisfied that the above statement is true—get your money back.

ALLENRUH is a safe, sure and speedy-acting liquid—the first dose you take starts to remove the cause of your pain—often in 48 hours you are ready for work again, yet there isn't one drop of any narcotic or opiate in it.

This is a fair and square offer we make to you—an offer no broad-minded man or woman who suffers can afford to ignore—why not get back to work.

### AND NOW THEY CAN WORRY

STATISTICIANS who make long-range calculations showing the possibility of the world eventually becoming depopulated through the process of race-suicide may add to their enjoyable worries by considering vital statistics pertaining to the state.

The department of health discloses that the birth rate in Pennsylvania during last year reached a new low. The total number of births for the year was 156,829, or a rate of 15.8 per cent per 1,000 population. In the preceding year, 1932, the rate was 17.1 per cent per thousand of population. In 1931 the rate was 18.3 per cent. That is a steady decline.

And now to mix a little optimism with the pessimism. Deaths also reached a low mark last year. The death rate was 10.6 per cent per thousand, the lowest recorded since records have been kept.

So, after all, births are exceeding deaths, and the danger of depopulation is so far in the future that the average person can find many other things to worry about in the interim. The birth rate is something like the stock market; no one can tell with certainty when the trend will change. It has its ups and downs just as do all "futures."

### THE RIGHT OF AN INDUSTRY TO LIVE

Intimation that the business of manufacturing lace in this country will be endangered by the passage of the Administration Tariff bill, granting sweeping powers to the president, has very properly brought Senator Herbert of Rhode Island to the defense of that industry.

The testimony of Secretary of Agriculture Wallace before the Ways and Means Committee seemed to indicate that in the making of reciprocal trade agreements the lace-making business would be one of the industries marked for early death. In other words, if the administration should decide that it is an "inefficient industry" the president, under the pending bill, would have the right to drive it out of existence.

Senator Hebert estimates that there are 616 lace factories in the United States. Nearly half of them are in Rhode Island. Many of them are in Pennsylvania. Others are in New Jersey, New York, Connecticut, Ohio and Illinois. When the present tariff law went into effect not less than \$25,000,000 had been invested in these mills. At full capacity they could give employment to 15,000 persons.

Who to decide the question of life and death for such industries as may be declared "inefficient"? Under the terms of the bill the executioner will be the president, says the Philadelphia Inquirer. But surely we will have to be advised on these complicated matters. Senator Hebert says it does not appear that any consideration has been given as to what may eventually "if the reciprocal tariff bill passes and its provisions are to be enforced by theorists who, for the most part, have no business of their own, or who have not been able to succeed in business if they ever had one, or who have no experience in any industry."

It is not surprising that the senator from Rhode Island should deliver his blast before the Senate Committee has reported out the tariff bill. There is no time to waste if a serious attempt is to be made to halt this dangerous legislation.

### MANY STUDENTS HELPED

One angle of the federal relief program about which not very much has been heard is that relating to the giving of financial assistance to college students. Figures available in Washington show that 52,327 students are receiving such aid through employment in part-time jobs at rates of pay averaging \$15 a month. They are distributed among 948 colleges and universities.

In order to be eligible for help, a student must attend a non-profit-making institution, must carry at least three-fourths of the normal program of courses, must certify that his attendance at college would be impossible without this aid, must be of good character and must possess ability to do high-grade scholastic work. Not more than 75 per cent of the funds allotted to any institution can be paid to students who were regularly enrolled in some college last semester.

As a permanent policy, the system would be objectionable from many standpoints. In an emergency that makes it necessary for the government to contribute to the support of millions of persons, the plan, however, takes on a different aspect.

If government help enables these students to obtain an education while providing for their subsistence, a double purpose is being served.

### GREED COSTLY

The costliness of individual greed to a community is strikingly illustrated in connection with a federal slum-clearance project in a large manufacturing city.

The government was prepared to spend at least \$9,000,000 in the work. In addition to improving housing conditions, this would have meant much in wages, a large part of which would have gone into local trade channels.

But as soon as the government's plans became known, the owners of the property that was to be reclaimed saw an opportunity to enrich themselves at the expense of the public treasury. They immediately boosted the price far beyond the generally accepted value of the property. The result may be that the project will not be carried out.

"Owners have let this property deteriorate for years," said a federal official, "and in many instances have neither received any income from it nor kept up taxes. The fact that owners have done nothing would make it appear that they considered the land worth exactly nothing, but now so many of them want speculative prices that the city will lose the expenditure of \$9,000,000 unless right prices are found in other places."

The lesson is obvious but not new.

Insult ought to be able to command a fancy salary in the movies.

Cheapening the dollar doesn't mean lessening its popularity.

A code for an overworked alphabet ought to be somewhere in the recovery program.

Brisbane says nobody understands money, but nobody seems to misunderstand when money talks.

Members of the French cabinet, attending sessions, kept on their hats and overcoats—just in case of emergency.

So long as abundance means starvation and a short crop means good times, the world needn't worry about a surplus above the ears.

**PERSONAL PROBLEMS**  
My barber's problem is getting me to come in for a haircut just one week sooner than I do. From his point of view, that isn't much to ask. From mine, it's entirely too much.

I've never had any shirts made especially for me. But I do wish I could buy some that are the right sleeve length. I remember kids whose mothers used to put tucks in theirs, but they looked funny. Some people wear sleeve bands, but they're too much trouble.

Neither did I ever have a manicure. Once I tried going without garters, but the experiment was a failure. . . . Too old when I tried it.

Wish a beard didn't grow while you're sleeping. It would solve this shaving problem. . . . You shave at night and your face looks dirty by the next evening. But shaving is a trial in the morning unless you're one of those early birds.

I wish I knew Greek. . . . But I don't know why I wish it.

I think I'll start pipe smoking again.

I always get hurt when I play with children.

Once I owned "evening clothes". I bought them in college from a fellow who's bought them from another fellow who'd bought them from another. But they were burned in a fire and it was a great relief. . . . Most of the men I know who own the things complain bitterly about wearing them, but I suspect they really like doing it.

When I buy shirts, I'm never able to remember my collar size. Clothing salesmen are more polite than most of the men behind the ticket window at the theater.

I used to wear suspenders, but people laughed.

Occasionally I buy a necktie and tell myself I will "keep it for best". . . . But it never works out that way.

The right time to leave a party is no later than 10 minutes after you think of leaving.

ONE MAN'S AMBITION

Yale men have a song known as "Bright College Years." The singing of this song during the war occasioned a great deal of comment, inasmuch as the air is the same as "Die Wacht am Rhein." However, Yale men stuck to their song, because it is a wonderful song. The concluding words are: "For God, for Country and for Yale." This song is always sung at the conclusion of any Yale meeting, dinner or otherwise.

Recently, at a great Yale dinner one of the Alumni having imbibed a little too freely at the dinner, sat down at the conclusion of the singing of this song and said to his friend:

"John, I have not done much for Yale, but I feel a great urge to do something. I am going out and kill three people."

"Why, no, Bob, you are not going to do anything of the kind."

**LESS HASTE; LESS WASTE**

There have been periods in your life when you made one error after another, so rapidly that you wondered how it was possible for you to make so many.

Recently you may have had this same experience; the harder you tried to avoid mistakes, the more you made.

Aroused to a high nervous tension, your mind did not function as it should.

This has caused you to lose confidence in yourself and your ability to do things.

Perhaps you permit yourself to become unnerved over small matters.

Unthinkingly, you try—by speed—to make up the lack of perfection which you should reach in your work.

There seems to be a feeling of fear that you will not meet the requirements for your job.

This thought being uppermost, you naturally do not give thoughtful consideration to the things you have to do.

The first essential is to get yourself under better control.

A better balanced nervous system will cut down your speed.

Get away from the idea of bulk production.

Try some thoughtful effort.

### AND NOW THEY CAN WORRY

SATISTICIANS who make long-range calculations showing the possibility of the world eventually becoming depopulated through the process of race-suicide may add to their enjoyable worries by considering vital statistics pertaining to the state.

The department of health discloses that the birth rate in Pennsylvania during last year reached a new low. The total number of births for the year was 156,829, or a rate of 15.8 per cent per 1,000 population. In the preceding year, 1932, the rate was 17.1 per cent per thousand of population. In 1931 the rate was 18.3 per cent. That is a steady decline.

And now to mix a little optimism with the pessimism. Deaths also reached a low mark last year. The death rate was 10.6 per cent per thousand, the lowest recorded since records have been kept.

So, after all, births are exceeding deaths, and the danger of depopulation is so far in the future that the average person can find many other things to worry about in the interim. The birth rate is something like the stock market; no one can tell with certainty when the trend will change. It has its ups and downs just as do all "futures."

### THE RIGHT OF AN INDUSTRY TO LIVE

Intimation that the business of manufacturing lace in this country will be endangered by the passage of the Administration Tariff bill, granting sweeping powers to the president, has very properly brought Senator Herbert of Rhode Island to the defense of that industry.

The testimony of Secretary of Agriculture Wallace before the Ways and Means Committee seemed to indicate that in the making of reciprocal trade agreements the lace-making business would be one of the industries marked for early death. In other words, if the administration should decide that it is an "inefficient industry" the president, under the pending bill, would have the right to drive it out of existence.

Senator Herbert estimates that there are 616 lace factories in the United States. Nearly half of them are in Rhode Island. Many of them are in Pennsylvania. Others are in New Jersey, New York, Connecticut, Ohio and Illinois. When the present tariff law went into effect not less than \$25,000,000 had been invested in these mills. At full capacity they could give employment to 15,000 persons.

Who is to decide the question of life and death for such industries as may be declared "inefficient"? Under the terms of the bill the executioner will be the president, says the Philadelphia Inquirer. But surely he will have to be advised on these complicated matters. Senator Herbert says it does not appear that any consideration has been given as to what may eventually "if the reciprocal tariff bill passes and its provisions are to be enforced by theorists who, for the most part, have no business of their own, or who have not been able to succeed in business if they ever had one, or who have no experience in any industry."

It is not surprising that the senator from Rhode Island should deliver his blast before the Senate Committee has reported out the tariff bill. There is no time to waste if a serious attempt is to be made to halt this dangerous legislation.

### MANY STUDENTS HELPED

One angle of the federal relief program about which not very much has been heard is that relating to the giving of financial assistance to college students. Figures available in Washington show that 52,327 students are receiving such aid through employment in part-time jobs at rates of pay averaging \$15 a month. They are distributed among 948 colleges and universities.

In order to be eligible for help, a student must attend a non-profit-making institution, must carry at least three-fourths of the normal program of courses; must certify that his attendance at college would be impossible without this aid, must be of good character and must possess ability to do high-grade scholastic work. Not more than 75 per cent of the funds allotted to any institution can be paid to students who were regularly enrolled in some college last semester.

As a permanent policy, the system would be objectionable from many standpoints. In an emergency that makes it necessary for the government to contribute to the support of millions of persons, the plan, however, takes on a different aspect.

If government help enables these students to obtain an education while providing for their subsistence, a double purpose is being served.

### GREED COSTLY

The costliness of individual greed to a community is strikingly illustrated in connection with a federal slum-clearance project in a large manufacturing city.

The government was prepared to spend at least \$9,000,000 in the work. In addition to improving housing conditions, this would have meant much in wages, a large part of which would have gone into local trade channels.

But as soon as the government's plans became known, the owners of the property that was to be reclaimed saw an opportunity to enrich themselves at the expense of the public treasury. They immediately boosted the price far beyond the generally accepted value of the property. The result may be that the project will not be carried out.

"Owners have let this property deteriorate for years," said a federal official, "and in many instances have neither received any income from it nor kept up taxes. The fact that owners have done nothing would make it appear that they considered the land worth exactly nothing, but now so many of them want speculative prices that the city will lose the expenditure of \$9,000,000 unless right prices are found in other places."

The lesson is obvious but not new.

## Auto Financing Shows Increase

Gain Of Approximately 100 Per Cent Shown In Wholesale And Retail Financing

(International News Service)

WASHINGTON, April 12.—Automobile financing both wholesale and retail showed a gain of approximately 100 per cent in February, compared with the same period last year, according to figures reported Wednesday by the commerce department after a survey of 82 identical organizations.

Wholesale financing during February totalled \$61,513,896 as compared with \$27,514,654. For the two-month period wholesale financing increased from \$57,648,561 to \$97,392,960. In the retail financing for two months period the increase was from \$60,468,764 to \$79,814,932.

## WILL GIVE EXAMS

SATURDAY, APRIL 28

On Saturday, April 28 at 9 o'clock in the Neshaunko Township school, eighth grade pupils of schools in Neshaunko township will take their high school entrance examinations.

It was announced today.

## AROUND CITY HALL

Police chronology for 24 hours, ending at 3:30 p.m. April 11, 15 arrests on charges as follows: violation parking law 9; drunkenness 4 and suspicion 2.

The mayor of a nearby city has adopted the old wrinkle of sentencing prisoners convicted of drunkenness in default of a fine to one day's work on the streets which means humiliation for an unfortunate. The practice was abandoned here years ago. Every man apprehended for intoxication here is given at least one chance by Mayor Charles Mayne and yesterday the mayor noted that, a man who has heretofore been a good citizen was in bad shape from intoxication the night before, added salve to the wound of a sentence in jail to sober him up. He was given a drink of good liquor to straighten him up.

It is possible that the severe weather of the past winter has considerably to do with the heaved sections of Highland Avenue. There is quite a depression near Highland and Norwood Avenue. Some time ago the state took over maintenance of a portion of Highland Avenue. Should the state ever step in and start repairs good routes north from the city would be desired, hence the city's promise not long ago to put North Mercer street in good condition.

Wholesale financing during February totalled \$61,513,896 as compared with \$27,514,654. For the two-month period wholesale financing increased from \$57,648,561 to \$97,392,960. In the retail financing for two months period the increase was from \$60,468,764 to \$79,814,932.

Annually about this time of year the thoughts of the director of parks turns to the various recreation centers. Heretofore tennis grounds have been put in condition after the turf becomes in such a condition that work can be done. No doubt the tennis courts on Boyles field, George Washington junior high school and in Big Run street district will be put in condition. It is not known if attaches will be employed to look after the North Hill courts and divide the time so that no one couple can monopolize the courts.

A bottle is said to have bounced from a garbage can and shattered an East street window. Advertising matter placed on waste paper boxes in East Washington street has been removed.

There is an ordinance against stretching banners across streets. The city has no authorized dog catcher, hence licensed and unlicensed dogs cause plenty of trips for police officers who dispatch unlicensed dogs. Quarters for the police radio transmitter are being built in the police station. Some policemen have shed their long overcoats in favor of spring coats.

If it is not one thing it is another in Parks Superintendent Alexander's official life. Just when he can stop figuring how much coal is to be used, he must get ready to provide ice for the drinking water fountains. Playgrounds haven't been discussed by council yet this spring. Audley avenue has been ashed. Street department attaches report. Chlorine purchased for the disposal plant has not yet arrived. Two shifts of employees are employed at Ray street, W. V. Tyler declares. One shift works from seven a. m. to noon and the second shift from noon until five p. m. Sanitary officers hope to catch the persons who have been dumping the trash on the hillside opposite the P. R. R. station.

Lady Doria To Give Up Career

Daughter Of Duke Of Newcastle Declares That She Will Quit Business Venture

(International News Service)

LONDON, April 12.—Peace is much preferred to profits Lady Doria Lois Childs, daughter of the Duke of Newcastle declared today in announcing her abandonment of a business venture she recently undertook.

"Business once had an attractive glamor," she said, "and it was an interesting experience."

"But I have had no peace. I felt like I was being on show all the time. I want to live in peace."

Lady Doria created a sensation some years ago by leaving her father's ducal castle and journeying to New York, where she obtained a job as salesgirl in a department store and lived in a tiny Greenwich Village apartment until discovered by reporters.

## Liberty Grange

## Auto Financing Shows Increase

Gain Of Approximately 100 Per Cent Shown In Wholesale And Retail Financing

(International News Service)

WASHINGTON, April 12—Auto financing both wholesale and retail showed a gain of approximately 100 per cent in February compared with the same period last year, according to figures reported Wednesday by the commerce department after a survey of 82 identical organizations.

Wholesale financing during Feb. this year totaled \$61,513,896 as compared with \$27,514,654. For the two months period wholesale financing increased from \$57,648,569 to \$97,392,960. In the retail financing for two months period the increase was from \$60,468,764 to \$79,814,932.

## WILL GIVE EXAMS SATURDAY, APRIL 28

On Saturday, April 28 at 9 o'clock in the Neshannock Township school, eighth grade pupils of schools in Neshannock township, will take their high school entrance examinations, it was announced today.

## AROUND CITY HALL

Police chronology for 24 hours, ending at 3:30 p.m. April 11, 15 arrests on charges as follows: violation parking law 8: drunkenness 4 and suspicion 2.

The mayor of a nearby city has adopted the old wrinkle of sentencing prisoners convicted of drunkenness in default of a fine to one day's work on the streets which means humiliation for an unfortunate. The practice was abandoned here years ago. Every man apprehended for intoxication here is given at least one chance by Mayor Charles Mayne and yesterday the mayor noting that, a man who has heretofore been a good citizen was in bad shape from intoxication the night before, added salve to the wound of a sentence in jail to sober him up. He was given a drink of good liquor to straighten him up.

It is possible that the severe weather of the past winter has considerably to do with the heaved sections of Highland Avenue. There is quite a depression near Highland and Norwood Avenue. Some time ago the state took over maintenance of a portion of Highland Avenue. Should the state ever step in and start repairs good routes north from the city would be desired, hence the city's promise not long ago to put North Mercer street in good condition.

Wholesale financing during Feb.

this year totaled \$61,513,896 as com-

pared with \$27,514,654. For the two

months period wholesale financing

increased from \$57,648,569 to \$97,

392,960. In the retail financing for

two months period the increase was

from \$60,468,764 to \$79,814,932.

Annually about this time of year

the thoughts of the director of parks

turns to the various recreation cen-

ters. Heretofore tennis grounds

have been put in condition after

the turf becomes in such a condition

that work can be done. No doubt

the tennis courts on Boyles field,

George Washington junior high

school and in Big Run street dis-

trict will be put in condition. It is

not known if attachés will be em-

ployed to look after the North Hill

courts and divide the time so that

no one couple can monopolize the

courts.

A bottle is said to have bounced

from a garbage can and shattered

an East street window. . . . Adver-

tising matter placed on waste paper

boxes in East Washington street

has been removed.

There is an ordinance against

stretching banners across streets.

The city has no authorized dog

catcher, hence licensed and unli-

censed dogs cause plenty of trips

for police officers who dispatch

unlicensed dogs. . . . Quarters for

the police radio transmitter are be-

ing built in the police station.

Some policemen have shed their

long overcoats in favor of spring

coats.

If it is not one thing it is an-

other in Parks Superintendent Al-

exander's official life. Just when

he can stop figuring how much coal

is to be used, he must get ready to

provide ice for the drinking water

fountains. . . . Playgrounds haven't

been discussed by council yet this

spring. . . . Audley avenue has been

ashed, street department attaches

report. . . . Chlorine purchased for

the disposal plant has not yet ar-

rived. . . . Two shifts of employees

are employed at Ray street, W. V.

Tyler declares. One shift works

from seven a. m. to noon and the

second shift from noon until five p.

m. . . . Sanitary officers hope to

catch the persons who have been

dumping garbage on the hillside

opposite the P. R. R. station.

And the biggest surprise is the

price: Imperial Washable Wall-

papers cost practically no more

than ordinary non-washable

papers.

Come in and look them over.

You'll find a pattern to fit every

purse and every purpose.

And what Wallpaper! No lacquer,

varnish or other protective coat-

ing such as you'd expect to find in

washable wallpaper. You can

have your pick of the daintiest

pastel, or full-toned design. Every

Imperial Wallpaper is fast to light,

as well as washable.

Evangelist Swinehart is arousing

great interest in the revival services

now in progress in the Wesleyan

Methodist church on Lyndale street.

His deeply spiritual and intensely

interesting sermons are well receiv-

ed. Tuesday evening his theme was

based on "Ye Shall Receive Power.

After that the Lord Holy is Come

Upon You" and Wednesday evening

"Thou Shalt Love the Lord Thy

God with all Thy Heart, and Thy

Neighbor As Thyself."

This evening will be Young Peo-

ple's Night, with young people from

other churches joining. Miss Mar-

garet Downey of Bridgewater is the

song leader for the services.

Daughter Of Duke Of Newcastle Declares That She Will Quit Business Venture

(International News Service) LONDON, April 12—Peace is much preferred to profits. Lady Doria Lois Childs, daughter of the Duke of Newcastle declared today in announcing her abandonment of a business venture she recently undertook.

"Business once had an attractive glamor," she said, "and it was an interesting experience."

"But I have had no peace. I felt like I was being on show all the time. I want to live in peace."

Lady Doria created a sensation some years ago by leaving her father's ducal castle and journeying to New York, where she obtained a job as salesgirl in a department store and lived in a tiny Greenwich Village apartment until discovered by reporters.

# State Hospital Association Has New President

Dr. J. Allan Jackson of Danville, Pa., Named As New State President

## EIGHT-HOUR DAY PLAN DISCUSSED

(International News Service) PITTSBURGH, April 12.—Entering the last day of its convention here, the Hospital Association of Pennsylvania today had named Dr. J. Allan Jackson, superintendent of the State hospital at Danville as president-elect for next year.

Charles A. Gill, Episcopal hospital, Philadelphia, today assumed the office of president of the organization following the election. Other officers included:

John N. Hatfield, Pennsylvania hospital, Philadelphia, first vice-president; Miss Anna Lauman, Phillipsburg State hospital, second vice-president; Elmer E. Matthews, Wilkes-Barre General hospital, treasurer; and Miss Jessie J. Turnbull, Magee hospital, Pittsburgh, and Howard E. Bishop, Robert Parker hospital, Sayre, trustees.

### Eight-Hour Day

Discussions were expected to be continued at today's sessions on the proposals of an eight-hour day for nurses, reduction in the number of nurses in training and the need for hospitals to be able to purchase liquor at a 15 percent discount.

In an address before the convention, Melvin Sutley, superintendent of Delaware County hospital, asserted that bills introduced in the legislature thus far have directly affected only state-aided hospitals but that these same bills strike at the present set-up of other charitable institutions.

Referring to the introduction of bills which would impose special duties or requirements on state-aided hospitals, Sutley asserted:

"This is class legislation, which under the subterfuge of applying to state-aided hospital attempts to make itself legal."

# State Hospital Association Has New President

Dr. J. Allan Jackson of Danville, Pa., Named As New State President

## EIGHT-HOUR DAY PLAN DISCUSSED

(International News Service)

PITTSBURGH, April 12.—Entering the last day of its convention here, the Hospital Association of Pennsylvania today had named Dr. J. Allan Jackson, superintendent of the State hospital at Danville as president-elect for next year.

Charles A. Gill, Episcopal hospital, Philadelphia, today assumed the office of president of the organization following the election. Other officers included:

John N. Hatfield, Pennsylvania hospital, Philadelphia, first vice-president; Miss Anna Lauman, Philadelphia State hospital, second vice-president; Elmer E. Matthews, Wilkes-Barre General hospital, treasurer; and Miss Jessie J. Turnbull, Magee hospital, Pittsburgh, and Howard E. Bishop, Robert Parker hospital, Sayre, trustees.

### Eight-Hour Day

Discussions were expected to be continued at today's sessions on the proposals of an eight-hour day for nurses, reduction in the number of nurses in training and the need for hospitals to be able to purchase liquor at a 15 percent discount.

In an address before the convention, Melvin Sutley, superintendent of Delaware County hospital, asserted that bills introduced in the legislature thus far have directly affected only state-aided hospitals but that these same bills strike at the present set-up of other charitable institutions.

Referring to the introduction of bills which would impose special duties or requirements on state-aided hospitals, Sutley asserted:

"This is class legislation, which under the subterfuge of applying to state-aided hospital, attempts to make itself legal."

## Tool And Die Makers Will Vote Tonight

### Calm Rules Motor Capital Of Detroit Today As Strikers Get Ready To Vote

(International News Service)

DETROIT, April 12.—A deceptive calm ruled the motor capital today, as union tool and die makers prepared to vote tonight on their leaders' call for a strike in more than 60 shops at midnight.

The strike is to be called by the Mechanics Educational Society of America Independent Craft Union of the Tool and Die Makers. About 5,000 workers are employed in the shops which have rejected the union's demands for a 20 percent pay boost an other changes.

Grave alarm was felt here due to the probable effect of a prolonged tool and die strike on the motor industry. The die makers construct the special devices with which the parts of an automobile are produced at the motor factories. Last year a tool and die strike affected nearly the entire industry.

## Asks Vets To Have Patience

Western Field Representative J. Guy Griffith Tells Why Bonuses Are Late

### DEPENDENTS NOT BEING PAID NOW

Urging veterans to have patience if their bonus checks are not received immediately, J. Guy Griffith, Western Field Representative of the Department of Military Affairs, in charge of distributing the state bonus, explained why there is a delay with some of the applications.

Mr. Griffith was in New Castle yesterday in connection with the duties of his office.

If there is some slight difference between the records submitted on the application from that on record in Harrisburg, it is necessary to check with the Adjutant General's department in Washington, which occasions a delay possibly of from five to seven weeks.

There is no serious delay, however, in getting out the bonus checks and the office in Harrisburg is functioning smoothly, Mr. Griffith stated. Writing in about the bonus only takes up the time of the clerks in the office and causes that much longer in getting the checks out.

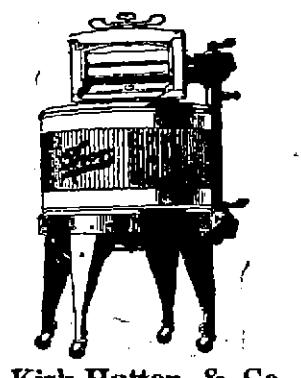

Since the first of February, more than 300,000 applications have been received. As of April 9, 100,000

checks have been mailed out, Mr. Griffith stated.

Each application is thoroughly investigated to make sure that the proper man is receiving the check he is entitled to.

At the present time, notification cards are not being sent out until the application has been approved.

In the beginning, the notification cards were sent out when the application was received in the office.

Dependents are not being paid at the present time, Mr. Griffith stated, as additional information on the relationship is required.

The regular application form has been supplemented by a questionnaire which is being sent out to dependents who have applied, asking further proof of relationship.

It is hoped to clean up the payments to veterans by July 1, when the dependents will be cared for.

Several From Lawrence County Will Go To Pittsburgh Next Week

Several Red Cross life saving examiners are planning to go to Pittsburgh next week, where they will brush up on their work in preparation for the summer swimming season.

Examiners who are candidates for reappointment and have reviewed with a National headquarters representative or special examiner within the last two years and have conducted Life Saving courses and tests during the past year will report two nights, Monday, April 16 at 7:30 in the Trees gym, University of Pittsburgh, for theory and discussion of Life Saving course and program. Tuesday night from 7:30 to 10 o'clock they will have a review of life saving technique.

Examiners who are candidates for reappointment and who have not conducted classes or tests during the past year and senior life savers who are candidates for appointment as examiners are to report on four nights, Monday, Tuesday, Wednesday and Thursday from 7:30 to 10 o'clock in the Trees pool for a review of technique and instruction on teaching and examining methods.

Candidates for appointment as examiners must have completed or reviewed the Senior Life Saving course within the last three years, be 20 years of age, and have a definite need for appointment as examiner. There will be no fees, and candidates are requested to bring their own bathing suit and towel.

Western Field Representative J. Guy Griffith Tells Why Bonuses Are Late

## DEPENDENTS NOT BEING PAID NOW

Urging veterans to have patience if their bonus checks are not received immediately, J. Guy Griffith, Western Field Representative of the Department of Military Affairs, in charge of distributing the state bonus, explained why there is a delay with some of the applications.

Mr. Griffith was in New Castle yesterday in connection with the duties of his office.

If there is some slight difference between the records submitted on the application from that on record in Harrisburg, it is necessary to check with the Adjutant General's department in Washington, which occasions a delay possibly of from five to seven weeks.

There is no serious delay, however, in getting out the bonus checks and the office in Harrisburg is functioning smoothly, Mr. Griffith stated. Writing in about the bonus only takes up the time of the clerks in the office and causes that much longer in getting the checks out.

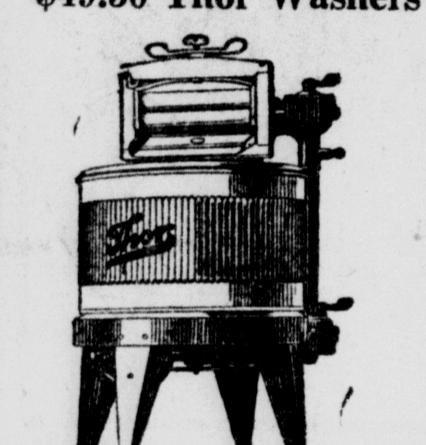

Since the first of February, more than 300,000 applications have been received. As of April 9, 100,000

## Regular Service At Temple Israel

Mr. And Mrs. Jack Gerson Will Be Hosts At The Fellowship Hour In Vestry

Temple Israel, Highland and Moody avenues, will conduct its next regular service on Friday evening, April 13, at eight o'clock. Rabbi Avery Jonah Grossfeld officiating.

The Saturday morning schedule includes religious school classes at 9:30 o'clock, religious services at 11 o'clock and singing period at 11:30 o'clock. Naomi Conn of class V will take part in reading the prayers during the service.

Rabbi Grossfeld will be unable to attend the conference of congregations, sisterhoods, brotherhoods and young folks' groups which is to take place Sunday, April 15, in Philadelphia, owing to pressure of duties in New Castle and Beaver Falls. All activities will go on as usual.

After the Friday evening services the members and friends will enjoy an hour of fellowship in the vestry rooms of the temple. Mr. and Mrs. Jack Gerson will be the hosts for the evening.

# THINK THERE'S NO DIFFERENCE IN GASOLINES?

HOW THE TESTS WERE MADE—One at a time, the gasolines competed to see which could pull a car and heavy load farthest up a mountain grade. Car was kept in high gear. Picture shows Petersburg Mt. (near Williamstown, Mass.) test. Results of all tests certified by notary public.

OFF TO CHIMNEY ROCK—Jack Weaver's 1933 Oldsmobile, with 2-1000 lb. mules in tow, testing 9 gasolines on the celebrated Chimney Rock, N. C. hill. Gulf wins!

Study this chart carefully. Each brand of gasoline is denoted by a letter, A to Z. It proves conclusively that Good Gulf Gasoline is uniformly better than other fuels of its price.

What's the real truth about gasolines? Is any one really uniformly better than the others? You'll find the frank, unvarnished answer to these questions in the amazing story of tests on famous American hills with 33 gasolines...

Beginning last fall, Gulf started a series of tests which lay to rest forever the theory that "there's no difference in gasolines!"

We journeyed to famous American hills—from Massachusetts to South Carolina. On 12 mountain grades, we tested 33 gasolines—including every well-known brand sold within the area visited.

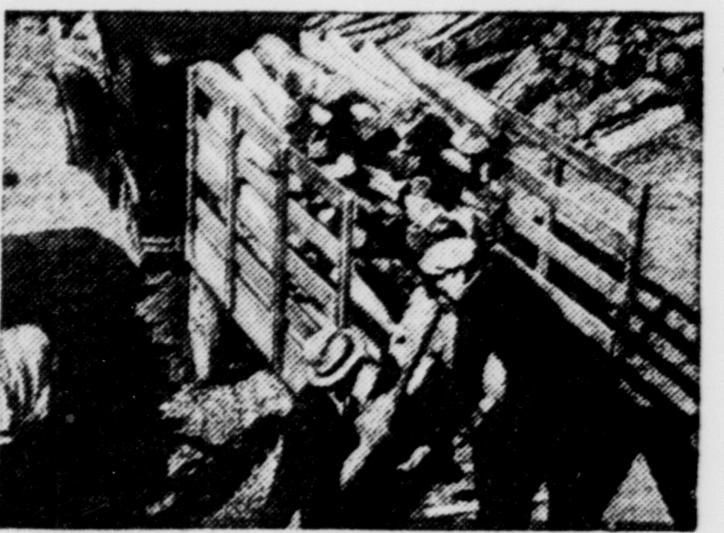

The object of each test was to find out how far each gasoline would propel a car and heavy load up the grade before the motor stalled—and so prove, once and for all, that there is a big difference in the power of various gasolines.

NOW READ THE STARTLING RESULTS...

© 1934, GULF REFINING CO., PITTSBURGH, PA.

GOATS TAKE A RIDE—Charles C. Smith, Chattanooga, Chevrolet owner, tows 16 goats up a terrific grade. Gulf finished first, out of 13 gasolines!

MAKING IT TOUGH for the gasolines—The Ford test car backs up to the Farmer's Cooperative Ass'n. siding and takes on a load of wood for the Mt. Pisgah, N. C. test—in which Gulf beat 8 other Gasolines.

## GULF wins more hill tests than 32 other gasolines combined!

checks have been mailed out, Mr. Griffith stated.

Each application is thoroughly investigated to make sure that the proper man is receiving the check he is entitled to.

At the present time, notification cards are not being sent out until the application has been approved. In the beginning, the notification cards were sent out when the application was received in the office.

Dependents are not being paid at the present time, Mr. Griffith stated. Additional information on the relationship is required. The regular application form has been supplemented by a questionnaire which is being sent out to dependents who have applied, asking further proof of relationship.

It is hoped to clean up the payments to veterans by July 1, when the dependents will be cared for.

### Local Life Savers Will Take Review

Several From Lawrence County Will Go To Pittsburgh Next Week

Several Red Cross life saving examiners are planning to go to Pittsburgh next week, where they will brush up on their work in preparation for the summer swimming season.

Examiners who are candidates for reappointment and who have not conducted classes or tests during the past year and senior life savers who are candidates for appointment as examiners are to report on four nights, Monday, Tuesday, Wednesday and Thursday in the Trees pool from 7:30 to 10 o'clock in the Trees pool for a review of technique and instruction on teaching and examining methods.

Candidates for appointment as examiners must have completed or reviewed the Senior Life Saving course within the last three years, be 20 years of age, and have a definite need for appointment as examiner. There will be no fees, and candidates are requested to bring their own bathing suit and towel.

### Regular Service At Temple Israel

Mr. And Mrs. Jack Gerson Will Be Hosts At The Fellowship Hour In Vestry

Temple Israel, Highland and Moody avenues, will conduct its next regular service on Friday evening, April 13, at eight o'clock, Rabbi Avery Jonah Grossfeld officiating.

The Saturday morning schedule includes religious school classes at 9:30 o'clock, religious services at 11 o'clock and singing period at 11:30 o'clock. Naomi Corn of class V will take part in reading the prayers during the service.

Rabbi Grossfeld will be unable to attend the conference of congregations, sisterhoods, brotherhoods and young folks' groups which is to take place Sunday, April 15, in Philadelphia, owing to pressure of duties in New Castle and Beaver Falls. All activities will go on as usual.

After the Friday evening services the members and friends will enjoy an hour of fellowship in the vestry rooms of the temple. Mr. and Mrs. Jack Gerson will be the hosts for the evening.

# THINK THERE'S NO DIFFERENCE IN GASOLINES?

HOW THE TESTS WERE MADE—One at a time, the gasolines competed to see which could pull a car and heavy load farther up a mountain grade. Car was kept in high gear. Picture shows Petersburg Mt. (near Williamstown, Mass.) test. Results of all tests certified by notary public.

OFF TO CHIMNEY ROCK—Jack Weaver's 1933 Oldsmobile, with 2,100 lb. mules in tow, testing 9 gasolines on the celebrated Chimney Rock, N. C., hill. Gulf wins!

GULF

Study this chart carefully. Each brand of gasoline is denoted by a letter, A to Z. It proves conclusively that Good Gulf Gasoline is uniformly better than other fuels of its price.

What's the real truth about gasolines? Is any one really uniformly better than the others? You'll find the frank, unvarnished answer to these questions in the amazing story of tests on famous American hills with 33 gasolines . . .

Beginning last fall, Gulf started a series of tests which lay to rest forever the theory that "there's no difference in gasolines!"

We journeyed to famous American hills—from Massachusetts to South Carolina. On 12 mountain grades, we tested 33 gasolines—including every well-known brand sold within the area visited.

The object of each test was to find out how far each gasoline would propel a car and heavy load up the grade before the motor stalled—and so prove, once and for all, that there is a big difference in the power of various gasolines.

GOATS TAKE A RIDE—Charles C. Smith, Chattanooga, Chevrolet owner, tows 16 goats up a terrific grade. Gulf finished first, out of 13 gasolines!

MAKING IT TOUGH for the gasolines—The Ford test car backs up to the Farmer's Cooperative Ass'n. siding and takes on a load of wood for the Mr. Pisgah, N. C. Test—in which Gulf beat 8 other Gasolines.

### Westinghouse Head Says Business Is Growing Better

(International News Service)  
PITTSBURGH, April 12—Confidence in business of the future was expressed by F. A. Merrick, president of the Westinghouse Electric & Manufacturing company, at the stockholders' 48th annual meeting here Wednesday.

"The outlook for the months immediately ahead is encouraging and our business trend seems to be again definitely upward," Merrick said.

The president disclosed that orders for the first quarter of this year totaled approximately \$20,100,000 compared with \$12,850,000 for the first quarter of last year, an increase of 57 per cent.

Two new directors, A. L. Humphrey and H. S. Wherrett, both of Pittsburgh, were elected to the board.

The following were appointed to act as divisional parade marshals: Frank C. Conner, A. E. Glitch, W. D. Parks, F. V. Rybalk. At a meeting of the committee on Wednesday, April 25, plans for the formation and line of march with the aides, will be completed. Ivor Davis was in charge of the session last night.

# Eight Hundred People Gather To Hear Singer

Homer Rodeheaver Given Splendid Ovation By New Castle Wednesday Night

## SINGS SANKEY HYMN CONCLUDING PROGRAM

Eight hundred tenor and bass, soprano and alto voices willingly arose in enthusiastic song last night vibrated through the auditorium and corridors of the First Christian church and permeated the public square of New Castle.

There is only one man in United States who can take a crowd of that size, place them in the crucible of his personality and produce a perfectly molded choir of which even Noah Cain might be proud.

That one man stood on the platform just as he had over twenty years ago during that unforgettable Billy Sunday campaign in New Castle. His temples were a bit gray but his magnetic voice, his incomparable leadership were as fascinating, as inspiring as ever.

Homer Rodeheaver, who is making a tour of Pennsylvania with Warren Hoopes, State Christian Endeavor executive, received one of the finest ovations of the trip, here in New Castle. During the afternoon he appeared before 3000 students in the junior and senior high schools, directing them in singing, doing a few solos, and playing the trombone.

He was the honored guest at a dinner in the Y. W. C. A. at six

WASHINGTON, April 12.—The source of funds used by Bishop James Cannon, Jr., of the Southern Methodist church to loan a fellow Anti-Saloon League official \$12,000 was sought today by the government in its prosecution of the former dry leader on charges that he violated the federal corrupt practices act.

The loan was made by Bishop Cannon to Dr. Ernest H. Cherrington in January, 1929, according to the latter's testimony. The money was advanced in several checks issued over a two-months period.

The government sought to prove that \$4500 of this fund was taken by the bishop from the \$65,300 deposited to the 1928 anti-Saloon forces by Edwin C. Jameson, New York insurance broker and "angel" of the dry cause.

Assistant Federal Attorney John J. Wilson endeavored to trace another \$4000 to cash contributions made by the bishop's followers.

**Dr. Botwin** says:  
DO YOU KNOW:  
what harm is done by the use of tooth picks?  
First of all the habit of picking your teeth does not add to your personal manners. The use of pins and needles does not add to your good.

The tissue around the teeth are injured by their use which if irritated for any length of time will cause an inflammation of the gum around the tooth with the result that the tissue will recede.

If it is really necessary for one to dislodge food between their teeth the proper use of Dentist Floss will be found more beneficial than good.

Ordinarily no food should get between your teeth. If it does it may be due to a cavity or a broken filling or loss of contact between the teeth. All these conditions should be remedied by your Dentist. Consult him more often to insure yourself against these annoying and painful conditions.

QUESTION:  
Should I use tooth picks? If not what should be used?

ANSWER:  
Explained above.

## Ready To Start Trip With Insull

Expect Chicagoan To Be On Way Back To United States Friday

### COUNSEL PROTESTS HIS EXTRADITION

By JAMES L. KILGALLEN  
International News Service Staff Correspondent

ISTANBUL, April 12—Ignoring the heated protestations of Samuel Insull's attorneys that their client "cannot be extradited," Turkish authorities made ready to start the indicted Chicagoan on his long deferred homeward journey today plainly intent upon demonstrating he could be extradited.

The lawyers based their final pleas upon word received from the court of appeals last night that their case would be heard. Insull "cannot be extradited," the lawyers declared, until the appeal has been heard.

The protest fell on deaf ears. A guard of six Turkish policemen headed by Commissary Nail Bey were ordered to take Insull from his detention home prison room at about 5:00 p. m. today and officially start the former multi-millionaire utilities czar back to the United States after a flight of nearly two years.

Under the police guard Insull will be rushed in a large limousine to the wharf. No strangers will be allowed to come near him. There he will be placed aboard the steamship Adana, which will take him to Panderma, a port on the Asiatic shore of the Sea of Marmara.

The party will reach Panderma early tomorrow. There a train will be taken for Smyrna.

At Smyrna Insull will be taken aboard the American export line's cargo vessel Epsilon, and formally handed over to the custody of Bureau Y. Berry, young third secretary of the American embassy in Turkey.

With this move extradition will be under way formally. Berry will accompany Insull back to the United States.

## Clear, Peachy Skin Awaits Anyone Who Drinks Hot Water

Drink a glass of real hot water before breakfast to wash out poisons.

Sparkling and vivacious—merry, bright, alert—a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anaemic-looking men, women and girls, with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "run-downs," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, hasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance, awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood while the pores in the thirty feet of bowels do.

### Just Folks

By EDGAR A. GUEST

IT'S ALWAYS EGG

It is a curious fact but most certainly true.

As I handle my knife and my fork I always contrive to complete a meal through

Without spilling a morsel of pork, I can manage tomatoes and beans very well

And lettuce with mayonnaise dressed.

But whether they're scrambled or served in the shell I always drop egg on my vest.

It is seldom I fumble with oatmeal or cream.

I am careful with roast beef and ham.

I have mastered spaghetti entirely and seem

To be spotless with strawberry jam.

With stuff that won't show on a light suit or dark,

I'm as dainty and neat as the best.

But I never eat eggs, now I rise to remark,

Without dropping a splotch on my vest.

Now, some men spill gravies on neckties and some

Let pieces of buttered toast fall.

But whenever to me table accidents come

It is never with those things at all.

I can handle the soups and the jellies with skill

And by noodles I'm never distressed.

I'm not bothered much by what other men spill.

I just can't keep egg off my vest.

CHICAGO, April 12—Medical science today was striving to save the life of 14-year-old Genevieve Liss, victim of a rare disease that is slowly turning her skin to chalk in a mummifying process.

Physicians at Cook County Children's hospital have catalogued the disease as "Scleroderma with Calcinoses."

Increasing deposits of calcium are being deposited beneath the child's skin, causing atrophy.

Deposits of calcium are beginning to hamper her movements.

The cause is unknown, doctors pointed out, but the girl is being fed a diet high in fat content and low in calcium.

CHICAGO, April 12—Mrs. Frances F. Croft, who raises white leghorn chickens on her farm at Evans City R. D. 2, has an interesting phenomenon of the poultry world to "crow" about.

In her spring brood of chickens

there is a three-weeks-old rooster, who insists upon "crowing about it" and he has been doing so, according to Mrs. Croft, for two weeks.

Mrs. Croft says that she heard this chicken crow first when it was just one week old, and every morning "he is at it again."

One morning a few days ago, he crowded nine times in succession, she added.

Make your rubbers and galoshes last the rest of the winter by using a tire patch. Clean the worn part first by scraping as you would a tire, then put on cement, let dry, then place patch and press hard. Do not wear until entirely dry.

# Eight Hundred People Gather To Hear Singer

Homer Rodeheaver Given Splendid Ovation By New Castle Wednesday Night

SINGS SANKEY HYMN CONCLUDING PROGRAM

Eight hundred tenor and bass, tenor and alto voices willingly arose in enthusiastic song last night, vibrated through the auditorium and corridors of the First Christian church and permeated the public square of New Castle.

There is only one man in United States who can take a crowd of that size, place them in the crucible of his personality and produce a perfectly molded choir of which even Nobel Calm might be proud.

That one man stood on the platform just as he had over twenty years ago during that unforgettable Billy Sunday campaign in New Castle. His temples were a bit gray, but his magnetic voice, his incomparable leadership were as fascinating as inspiring as ever.

Homer Rodeheaver, who is making a tour of Pennsylvania with Warren Hoopes, State Christian Endeavor executive, received one of the finest ovations of the trip, here in New Castle. During the afternoon he appeared before 300 students in the junior and senior high schools, directing them in singing, doing a few solos, and playing the trombone.

He was the honored guest at a dinner in the Y. W. C. A. at six

## Ready To Start Trip With Insull

Expect Chicagoan To Be On Way Back To United States Friday

### COUNSEL PROTESTS HIS EXTRADITION

By JAMES L. KILGALLAN  
International News Service Staff Correspondent

ISTANBUL, April 12—Ignoring the heated protestations of Samuel Insull's attorneys that their client "cannot be extradited," Turkish authorities made ready to start the indicted Chicagoan on his long deferred homeward journey today plainly intent upon demonstrating he could be extradited.

The lawyers based their final plea upon word received from the court of appeals last night that their case would be heard. Insull "cannot be extradited," the lawyers declared, until the appeal was heard.

The protest fell on deaf ears. A guard of six Turkish policemen headed by Commissary Nail Bey were ordered to take Insull from his detention home prison room at 5:00 p. m. today and officially start the former multi-millionaire utilities czar back to the United States after a flight of nearly two years.

Under the police guard Insull will be rushed in a large limousine to the wharf. No strangers will be allowed to come near him. There he will be placed aboard the Steamship Adana, which will take him to Panderma, a port on the Asiatic shore of the Sea of Marmara.

The party will reach Panderma early tomorrow. There a train will be taken for Smyrna.

At Smyrna Insull will be taken aboard the American export line's cargo vessel Ekalona, and formally handed over to the custody of Burton Y. Berry, young third secretary of the American embassy in Turkey.

With this move extradition will be under way formally. Berry will accompany Insull back to the United States.

DO YOU KNOW:  
what harm is done by the use of tooth picks?  
First of all the habit of picking your teeth will add to your personal manners. The use of pins and wooden wedges do more harm than good.

The tissue around the teeth are very delicate and will be irritated for any length of time will cause an inflammation of the gum around the tooth. The tissue will recede.

If it is really necessary for one to ridges food between their teeth the proper use of dental floss will be found much more useful.

Ordinarily no food should get between your teeth. If it does it may be due to a cavity or a broken filling or loss of tooth. These conditions will the above conditions can be remedied by your Dentist. Consult him more often to insure yourself against tooth decay and painful conditions.

Clear, Peachy Skin Awaits Anyone Who Drinks Hot Water

Drink a glass of real hot water before breakfast to wash out poisons.

Sparkling and vivacious—merry, bright, alert—a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anaemic-looking men, women and girls, with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, hasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quartet of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance, awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood while the pores in the thirty feet of bowels do.

### Just Folks

By EDGAR A. GUEST

IT'S ALWAYS EGG  
It's a curious fact but most certainly true. As I handle my knife and my fork I always contrive to complete a meal through without spilling a morsel of pork. I can manage tomatoes and beans very well. And lettuce with mayonnaise dressed. But whether they're scrambled or served in the shell I always drop egg on my vest.

IT'S SOMETIMES EGG  
I fumble with oatmeal or cream. I am careful with roast beef and ham.

I have mastered spaghetti entirely and seem to be spoiled with strawberry jam. With stuff that won't show on a light suit or dark.

I'm as dainty and neat as the best. But I never eat eggs, now I rise to remark.

Without dropping a splotch on my vest.

Now, some men spill gravies on neckties and some let pieces of buttered toast fall. But whenever to me table accidents come

It is never with those things at all. I can handle the soups and the jellies with skill.

And by noodles I'm never distressed. I'm not bothered much by what other men spill.

I just can't keep egg off my vest.

### IF YOU GET UP NIGHTS

USE BUCHU AND GIN  
Make This 25c Test.

IT IS AS VALUABLE TO THE BLADDER AS CASTOR OIL TO THE BOWELS. DRIVES OFF IMPURITIES AND EXCESS NEEDS WHICH CAUSE THE IRRITATION RESULTING IN GASTRIC ULCERS, BLOATING, FREQUENT DIARRHEA, LOG PATHOS AND BACKACHE. ON RECOGNITION OF THE ALCOHOL USE FURTHER OIL FRAMED WHICH GIN IS MADE. ASK FOR BUCHU AND GIN. LAXATIVE. AFTERCOURSE, BUCHU, LAXATIVE, ETC. AFTER 4 DAYS, IF NOT PLEASANT, YOUR DRUGGIST WILL RETURN YOUR 25c. YOU ARE TO USE 1 OZ. OF BUCHU AND 1 OZ. OF GIN.

IF IT IS REALLY NECESSARY FOR ONE TO RELIEVE FOND BETWEEN THEIR TEETH THE PROPER USE OF DENTAL FLOSS WILL BE FOUND MUCH MORE USEFUL.

ORDINARILY NO FOOD SHOULD GET BETWEEN YOUR TEETH. IF IT DOES IT MAY BE DUE TO A CAVITY OR A BROKEN FILLING OR LOSS OF TOOTH. THESE CONDITIONS WILL BE REMEDIED BY YOUR DENTIST. CONSULT HIM MORE OFTEN TO INSURE YOURSELF AGAINST TOOTH DECAY AND PAINFUL CONDITIONS.

## Pilots, Planes Show Decrease

State Interest In Flying  
Shows Some Drop During Past Year

By ARTHUR C. WIMER  
Special Washington Correspondent  
New Castle News

WASHINGTON, D. C., April 12.—Both airplanes and pilots in Pennsylvania declined materially in number during the first ten months of the present fiscal year, the Department of Commerce reports.

On April first of this year airplanes in Pennsylvania numbered only 493 as against 542 on July 1, 1933, the beginning of this fiscal period. Licensed aircraft dropped from 460 to 412 and unlicensed planes from 82 to 81. In the same period, licensed pilots in the Keystone State declined from 1009 to only 721. Gliders decreased from 49 to 44, and licensed glider pilots fell from 13 to seven.

On April first of this year Pennsylvania ranked fourth of the states in the number of aircraft and fifth in the number of licensed pilots.

## Camp Reunion At Y. W. C. A. Friday

Bean Supper Will Be Enjoyed  
By Campers And Friends  
At Annual Round-up

Camp East Brook will be brought incarnate to the Y. W. C. A. Friday evening of this week. The campers will be there, the music, the camp staff—everything but the rolling hills and country air.

All girls who spent a week or two at the Y. W. C. A. camp last summer are given a cordial invitation to attend the annual camp reunion at 6:00 p. m. Friday. A peppy program awaits them following the serving of bean supper.

Miss Ruth Lewis will be in charge of the entertainment, assisted by Miss Peg Fischer. Camp singing will be enjoyed all through the supper, with Miss Lewis leading. Remember those old favorites—"Skinna-marinak-adink-adink, skinna-marinak-ado," and "All I want is sociability, someone to be sociable to me?"

A committee of girls are working on the place cards and table decorations: Isabel Douglas, Jerry Flick and Jean Waddington.

Councillors will be introduced and definite plans for the coming season will be announced.

Each camper will be welcome to bring with her a prospective camper. Reservations must be made no later than Thursday. They can be made by telephone.

The camp committee of the Y. W. C. A. has charge of the reunion. Mrs. Robert Eckles is chairman and the members are Mrs. Harry W. McKee, Jr., Mrs. Herbert S. Kirk and Mrs. Earl C. Ruby, who will arrange for the serving of the supper.

## Employment Office Seeks Farm Hands

Farm hands can be placed to work immediately on about 10 Lawrence county farms, the Federal-State Employment office at the Johnson building announced today.

"We prefer experienced farm men," said an official at the office, "for farm owners want men on the job who understand their work. Applicants should report immediately."

It was indicated that more farm jobs would be open within a few weeks.

# QUICK STARTS... SPRING DRIVING'S FUN WITH ALL-WEATHER MOBILGAS!

SUN SHINING...warm breezes blowing...  
S wouldn't it be grand if Spring were always like that? But your motor knows better. Chilly nights follow hot noons. Rainy Mondays come after bright Sundays.

How can you expect a car to be its smooth, purring self these changeable days without Mobilgas in the tank?

That's exactly the point about Mobilgas. It's made so it doesn't mind the weather.

Changes in temperature, dampness, humidity have little effect on its performance.

It's the only gas you can buy that is pre-adjusted at the refinery for quick changes in weather—from hot to cold—dampness to dryness—sea level to mountain top.

Right now, with Spring here, you have a grand chance to see just what all this means. Try Mobilgas during the next few changeable weeks. See how Climatic Control makes

your car a star performer all year 'round.

We think you'll like its power—like its pick-up—like its freedom from knocking. We know you'll like the ease of getting it—for you'll find Mobilgas dealers wherever your car carries you.

Look for the sign of the Red Horse the next time your gasoline gauge drops low. That sign marks the place to get the all-weather Mobilgas and Mobilgas Ethyl.

Coal Operators In Alabama Region

## ALSO OPPOSED TO WAGE INCREASES

(International News Service) WASHINGTON, April 12.—Opposition of the Alabama bituminous coal operators to the NRA's mandatory seven-hour day and wage increase rule for the entire industry today was given to Recovery Administrator Hugh S. Johnson to handle. The hearing here adjourned with the operators' spokesman declaring they "preferred a civil war" within the industry to submission to men "working through a military ringmaster."

The operators already have obtained a writ from the Alabama federal court restraining application of the shorter-hour-higher-pay order pending the outcome of the protest hearings here.

John L. Lewis, president, United Mine Workers of America, told Deputy Administrator Wayne Ells his organization "was ready to furnish the president with 20 army divisions of men to help force the Alabama coal operators to comply with the laws of the United States" but admitted he didn't believe "it will come to that."

## Stop Cars To Test Lights, Brakes

State Highway patrolmen during the past few days have been conducting a campaign to ascertain if motorists have had their vehicles examined. The motor cars have been stopped on various roads where headlights and brakes have been examined. Half a dozen arrests have been made of persons who failed to have their cars tested during the period which ended on March 31. Each paid a fine of \$10 and costs.

## Sentences Two To Workhouse

Police Raid Alleged Disorderly House; Raid Bags Four Prisoners

Mayor Charles Mayne sentenced two prisoners to the Allegheny county workhouse today and promised a third a trip to the same place unless she leaves the city within 24 hours.

Those sentenced were James Fields and Edna Taylor, colored. Lenore Jones, also colored, promised to leave town as an alternative to serving in the workhouse.

A man who gave the name of Lew Kovick, white, had a thirst last night and found the state liquor store closed so he recalled that he formerly purchased moonshine at 1104 Scioto street, he told the mayor. He went there.

Police saw him enter and within a few minutes a trio of officers entered the place, found James, Edna and Lenore with a peaceful look on their faces but could not see Kovick.

Recognizes Law.

One of them entered the basement. As soon as Kovick heard the officer coming Kovick spoke up saying, so Lew told the mayor: "Here I am."

All were taken to the police station where it was found that the mayor some time ago had promised Edna 90 days in the workhouse if she did not leave town before April 1. He kept his promise.

The mayor accused Fields of being the proprietor of the alleged disorderly house and gave him a similar sentence and suspended sentence upon Lenore provided she took an alternative of leaving town.

Kovick was discharged.

The mayor said he had received numerous reports concerning unlawful activities of the colored women in that section and he planned to do his share toward ridding the section of alleged undesirable persons.

Aid CWA Families Until RWD's First Pay Is Given Here

When Checks Come Many Of 1,200 Families Will Go Off Relief

Until the relief works division, formerly the CWA, makes its first pay the Lawrence County Emergency Relief board must provide financial aid for the members of approximately 1,200 former CWA workers. Executive Director Wilson Hall of the relief board announced today.

Hall said the former CWA men cannot be taken off the relief rolls until they receive their first pay. As yet Harrisburg has not notified the county authorities as to when the checks will come.

At the relief office today the work of classifying former CWA employees as to their need was continuing. It was indicated that six weeks may be required to complete the task, although the work will be rushed as fast as possible.

Workmen for the RWD are now chosen from the class A and class B groups of workers while those ranked in class C and class D will be in line for employment should enough jobs be provided.

How many of the 1,200 families will be removed from the relief rolls when the RWD pay comes could not be figured today. However, it is known that not all of them will be.

## Pilots, Planes Show Decrease

State Interest In Flying  
Shows Some Drop During  
Past Year

By ARTHUR C. WIMER  
Special Washington Correspondent  
New Castle News

WASHINGTON, D. C., April 12.—Both licensed and pilots in Pennsylvania declined materially in number during the first ten months of the present fiscal year, the Department of Commerce reports.

On April first of the year, airplanes in Pennsylvania numbered only 493 as against 542 on July 1, 1933, the beginning of this fiscal period. Licensed pilots dropped from 460 to 412, and unlicensed planes from 82 to 81. In the same period, licensed pilots in the Keystone State declined from 1009 to only 721. Gliders decreased from 49 to 44, and licensed glider pilots fell from 13 to seven.

On April first of this year Pennsylvania ranked fourth of the states in the number of aircraft and fifth in the number of licensed pilots.

## Camp Reunion At Y. W. C. A. Friday

Bean Supper Will Be Enjoyed  
By Campers And Friends  
At Annual Round-up

Camp East Brook will be brought incarnate to the Y. W. C. A. Friday evening of this week. The campers will be there, the music the camp staff—everything but the rolling hills and country air.

All girls who spent a week or two at the Y. W. C. A. camp last summer are given a cordial invitation to attend the annual camp reunion at 6:00 p. m. Friday. A peppy program awaits them following the serving of a bean supper.

Miss Ruth Lewis will be in charge of the entertainment, assisted by Miss Peg Fischer. Camp singing will be enjoyed all through the supper, with Miss Lewis leading. Remember those old favorites—"Skinna-marlin-adink-adink, skinne-marlin-adink-adink," and "All I want is sociability, someone to be sociable to me?"

A committee of girls are working on the place cards and table decorations: Isabel Douglas, Jerry Flick and Jean Waddington.

Councillors will be introduced and definite plans for the coming season will be announced.

Each camper will be welcome to bring with her a prospective camper. Reservations must be made no later than Thursday. They can be made by telephone.

The camp committee of the Y. W. C. A. has charge of the reunion. Mrs. Robert Eckles is chairman and the members are Mrs. Harry W. McKee, Jr., Mrs. Herbert S. Kirk and Mrs. Earl C. Ruby, who will arrange for the serving of the supper.

## Employment Office Seeks Farm Hands

Farm hands can be placed to work immediately on about 10 Lawrence county farms, the Federal-State Employment office in the Johnson building announced today.

"We prefer experienced farm men," said an official at the office, "for farm owners want men on the job who understand their work. Applicants should report immediately."

It was indicated that more farm jobs would be open within a few weeks.

# QUICK STARTS... LOTS OF POWER... SPRING DRIVING'S FUN WITH ALL-WEATHER MOBILGAS!

SUN SHINING...warm breezes blowing... wouldn't it be grand if Spring were always like that? But your motor knows better. Chilly nights follow hot noons. Rainy Mondays come after bright Sundays.

How can you expect a car to be its smooth, purring self these changeable days without Mobilgas in the tank?

That's exactly the point about Mobilgas. It's made so it doesn't mind the weather.

Changes in temperature, dampness, humidity have little effect on its performance.

It's the only gas you can buy that is pre-adjusted at the refinery for quick changes in weather—from hot to cold—dampness to dryness—sea level to mountain top.

Right now, with Spring here, you have a grand chance to see just what all this means. Try Mobilgas during the next few changeable weeks. See how Climatic Control makes

your car a star performer all year 'round.

We think you'll like its power—like its pick-up—like its freedom from knocking. We know you'll like the ease of getting it—for you'll find Mobilgas dealers wherever your car carries you.

Look for the sign of the Red Horse the next time your gasoline gauge drops low. That sign marks the place to get the all-weather Mobilgas and Mobilgas Ethyl.

(International News Service)  
ROME, April 12.—The Italian aviator Renaldo Donadi, flying a new type of airplane, Wednesday, is expected to have set a world's record for altitude for heavier-than-air craft, climbing to 14,500 meters about 48,000 feet.

The present altitude record, recognized by the International Aeromatic Federation, was set by G. Lemaire, the French aviator, at Villacoublay, France, last September when he flew to 44,819 feet.

Donadi flew a Caproni plane and was in the air one hour and 42 minutes.

### SEEKING TRANSFER TO PENITENTIARY

(International News Service) YOUNGSTOWN, O., April 12.—Youngstown district mills will, in all probabilities, cross 60 per cent by the end of this week, it was learned today.

The operating rate yesterday was 58 per cent, up two points from the start of the week and three points above a week ago.

To Open Mill. YOUNGSTOWN, O., April 12.—Another 15 per cent increase in Youngstown Sheet & Tube's volume of business will cause the reopening of that concern's Brier Hill works, it was revealed semi-officially today.

The concern's present operation in this district is at about 44 per cent of capacity.

On Seventh Day The strike entered its seventh day with many of the protesting convicts growing pale and gaunt-eyed. Food was served to the 19 holdouts, but they tenaciously refused to touch it.

The hunger strikers are "alumni" of Eastern State Penitentiary. Together with six comrades, the 19 fasting prisoners were transferred to Holmesburg after they had engineered the sensational riots at Eastern Penitentiary last fall.

Warden Mills appealed to State Secretary of Welfare Alice F. Liveright to take all 25 of the Eastern Penitentiary "graduates" out of his institution. Miss Liveright today was to confer with Mills and with Warden Herbert Smith of Eastern Penitentiary on plans to transfer the offenders.

The hunger strikers began their fast last Friday morning after a riot led by most of the 25 transferred convicts, had been quelled. The insurgent prisoners wrecked the beds and plumbing in their cells and set fire to their mattresses. They were subdued and placed in the "Klonkide" section of the prison where the cells are bare of furniture and fixtures.

Government experts aren't so smart. One of them lists the five chief causes of headaches and omits government experts.

Piles Go Quick Without Salves or Cutting

Thousands of sufferers from itching, bleeding or protruding piles have learned that quick and lasting relief can be accomplished with an internal medicine. Neither salves nor cutting remove the cause.

Bad circulation of the blood in the lower bowel causes piles. The veins are labhy, the bowel walls weak and paroxysmal. To end piles an internal medicine should be used to stimulate the circulation, heal and restore the affected parts.

Dr. J. S. Leonhardt was the first to discover a real internal Pile remedy. He called his prescription HEM-ROID, and prescribed it for hundreds of patients with a marvelous record of success and then decided every physician should be able to get HEM-ROID tablets from their own druggist with a rigid money back guarantee.

So why waste time on external remedies or worry about an operation when Eckerd's Cut Rate and New Castle Drug Co. says "No matter how bad your piles are, one bottle of HEM-ROID tablets must show you the safe clean way to get rid of your Pile misery or money back."

### McLeod Bill Is Likely To Pass

Measure Would Aid Depositors Of Closed Federal Reserve Member Banks

(International News Service) WASHINGTON, April 12.—Passage of the McLeod bill aiding depositors of closed Federal Reserve member banks, on April 23 appeared likely today as house members rushed to sign a petition to bring the measure out of the banking and currency committee.

So far 12 members have signed since the petition was placed on the speaker's table Monday by Rep. Weideman (D) of Michigan and sponsor of the bill.

Weideman and Rep. McLeod (R) of Michigan, author of the bill, predicted the necessary 145 names would be placed on the petition today. Under the rules, the measure must then lie over for seven days and be brought to a vote on the first or last Monday of the legislative month. Completion of the petition today would permit consideration of the bill on the floor April 23.

Two members were reported enroute here to sign the petition today. They are Reps. Muldowney (R) of Pennsylvania and De Priest (R) of Illinois.

Meantime, Rep. Brown (D) of Michigan, who introduced a bill to aid depositors of all closed banks, denied he had offered his measure for political reasons.

"I offered my bill because I wanted to cover state and private banks which are not members of the federal reserve," he said.

A bill by Rep. Truax (D) of Ohio, however, will be incorporated into the McLeod measure. The Truax bill extends federal aid to all closed banks, regardless of federal reserve affiliation.

In contrast to the nervousness and moodiness of previous days, Mrs. Massie sang gaily today, keeping time with a military band which played nearby.

### Predict Defeat Of Air Mail Bill

Poll Of House Post Office Committee Reveals Opposition To Administration Plans

### FIXED RATES ARE FAVORED

(International News Service) WASHINGTON, April 12.—A poll of the house post office committee, in which the administration's permanent air mail legislative plan was rejected, was disclosed today.

The poll was taken in a meeting as the committee prepared to vote on two conflicting plans. When the poll disclosed hostility to the administration plan action was postponed.

The committee agreed, in an informal and disclosed, to await consultation by Chairman Mead (D) of New York with the administration before making a decision.

The majority of the committee, the poll showed, favored the fixed rate proposed in the bill of Rep. Kelly (R) of Pennsylvania and permission to air mail companies whose contracts were cancelled to immediately become available for new contracts.

Under the administration plan competitive bids would be taken new lines in which to prepare to bid and finally the interstate commerce commission would fix rates.

At the meeting the committee

decided every post office should be able to get HEM-ROID tablets from their own druggist with a rigid money back guarantee.

So why waste time on external remedies or worry about an operation when Eckerd's Cut Rate and New Castle Drug Co. says "No matter how bad your piles are, one bottle of HEM-ROID tablets must show you the safe clean way to get rid of your Pile misery or money back."

### SEEKING TRANSFER TO PENITENTIARY

(International News Service)

PHILADELPHIA, Apr. 12.—Nineteen defiant inmates of the county prison at Holmesburg stubbornly clung to their self-imposed fast today as Warden William B. Mills awaited an answer to his appeal that the "tough guys" be removed to another institution.

The number of the hunger strikers was reduced when one of them succumbed to the sight and smell of food offered him and partook of the repast.

# Coal Operators In South Oppose Seven-Hour Day

Opposition Develops From  
Coal Operators In Alabama Region

## ALSO OPPOSED TO WAGE INCREASES

(International News Service) WASHINGTON, April 12.—Opposition of the Alabama bituminous coal operators to the NRA's mandatory seven-hour day and wage increase rule for the entire industry today was given to Recovery Administrator Hugh S. Johnson to handle. The hearing here adjourned with the operators' spokesman declaring they "preferred a civil war within the industry" to submission to agencies "working through a military ringmaster."

The operators already have obtained a writ from the Alabama federal court restraining application of the shorter-hour-higher-pay order pending the outcome of the protest hearings here.

John L. Lewis, president, United Mine Workers of America, told Deputy Administrator Wayne Ells his organization "was ready to furnish the president with 20 army divisions of men to help force the Alabama coal operators to comply with the laws of the United States" but admitted he didn't believe "it will come to that."

## Stop Cars To Test Lights, Brakes

State Highway patrolmen during the past few days have been conducting a campaign to ascertain if motorists have had their vehicles examined. The motor cars have been stopped on various roads where headlights and brakes have been examined. Half a dozen arrests have been made of persons who failed to have their cars tested during the period which ended on March 31. Each paid a fine of \$10 and costs.

### Anniversary Of Lodge Observed With Luncheon

#### Wives Of Firemen And Condu- ctors Celebrate 22nd An- niversary Wednesday

A group of women gathered in the city building yesterday for an anniversary luncheon looked back on 22 years of organization. It was 22 years ago that the charter was drawn and the first meeting of the Penna-Bo Auxiliary to the Brotherhood of Locomotive Firemen and Engineers was conducted.

The anniversary event was very largely attended. The chicken luncheon was served at 1:00 p. m. Mrs. Katherine Freese was toastmistress of the after dinner program and led the group in reminiscences of the older days.

Letters were read from charter members from out-of-town who were not able to be present.

The Immaculate Conception Sodality of St. Lucy's church had a regular meeting in the hall of the church Tuesday night. The meeting was called to order by the president, Miss Stella DeMasi and regular discussion took place. After the business meeting was adjourned a program was presented by the following committee: Helen Russo, chairman; Lucy Tommelleo, Tille Rainey, Julia Mastroder, Thelma Rainey and Dolly Russo. It was given in the following sequence:

Playlet, "A Lover's Errand"—Louise Orlando, Dolly Russo.

Popular melody—Lyda Rainey.

Acrobatic dancer—Rose Domenick.

Mock characteristics of famous stage and screen stars: Julia Mastroder, Margaret Pecano, Tille Rainey, Thelma Rainey, Julia Mastroder, Louise Orlando, Lyda Rainey.

Song, "Neighbors"—Louise Orlando.

Dance led by Tille Rainey. Followers: Lucy Tommelleo, Dolly Russo, Rose Domenick and Thelma Rainey.

Initiation of the trumpet—Lyda Rainey.

Following the program was a delicious lunch served by the following committee: Lucy Tommelleo, Helen Russo, Lucy Mason, Margaret Pecano, Katie Sarbo and Julia Mastroder; chairman, Helen Russo.

The Sodality had as special guests the ladies of the Sacred Heart congregation of the church. The next meeting will take place May 9.

### Baltimore Men Crash Victims

Joseph G. Valiant, 2nd, 36, Killed Instantly In Auto Crash Near Hagerstown, Md.

(International News Service) HAGERSTOWN, Md., April 12.—Joseph G. Valiant, 2nd, 36, well known Baltimore interior decorator, was almost instantly killed and John G. Myers, 55, also of Baltimore, was fatally injured when the automobile in which they were coming east on the National highway left the road and crashed into a telegraph pole east of Hancock early today.

City police, last night, found three small boys who gave their names as Hilton, crying and cold, in an automobile in East Long avenue near Hamilton street. They said their father had left the automobile about 9 p. m. It was 11 p. m. when the police were notified. After they had been taken to the police station lobby where they got warm, they told the police they resided at Rose Step, Game Protector Frank Coen who was at the police station took the boys to their home. The auto had not been claimed by their father early today, police reported.

Papers Telling Of Discovery Of Lost Mines Of King Solomon Are Stolen

ARCHAEOLOGISTS RETURNING HOME

(International News Service) MARSAILLES, France, April 12.—Count Byron De Prorok, who said he found the lost mines of King Solomon in the Land of Ophir, cannot prove it because someone stole his luggage, he declared today.

Count De Prorok, an American citizen engaged in archaeological expeditions in Egypt and elsewhere under French sponsorship, arrived with four companions from Ethiopia.

"We found very remarkable and interesting stuff in Abyssinia," Count De Prorok said, "including King Solomon's ancient mines."

"But all proof was lost when all our luggage was stolen."

"We are returning empty-handed, without proofs, documents, films or specimens."

(By WILLIAM A. JOHNS) Brython

We are very sorry to report that our friend, Edwin Eardley, is still at the New Castle hospital and there is not much hope for him leaving the hospital for some months yet. He

met with an accident a few weeks ago while following his employment with the CWA.

A letter came this week from David Johns, Morriston, South Wales, brother of Brython, in which he stated that another brother, Edward Johns, has recovered enough from an operation he underwent some time ago at the Swansea hospital to return to his home. This will be good news to his many friends in New Castle.

Mrs. Sidney Johns, of Garfield avenue, is expected to return home next Sunday from her long vacation at Phoenix, Arizona, where she has been visiting her sister and brother-in-law, Mr. and Mrs. Arthur Middleton and their family.

Word from the committee of the Warren elated indicates that the May event will be most successful. A great many choirs will compete, among them a New Castle choir under the directorship of William H. Richards. This choir is looking forward to bringing the chief prize back to New Castle.

## Dr. Buswell Tells Kiwanis His Stand Against Pacifism

Wheaton College President Heard By Club At Luncheon Wednesday

"One thing far worse—unspeakably worse—than war is that moral indifference which would let us be knocked down and walked over and lead all nations to regard international law as just another 'scrap of paper' and bring dishonor to all," Dr. J. Oliver Buswell, president of Wheaton College, Wheaton, Ill., and guest speaker at the First Baptist church this week, told the Kiwanis Club in a luncheon address on "Why I Am Not a Pacifist", yesterday.

"I want peace with righteousness, peace with law and order," Dr. Buswell continued, "but we might as well discard the American government if we're going to be pacifists."

The college head emphasized that "my faith is a militant faith, not a pacifist faith." Having served in the World War as an army chaplain, he speaks with authority, inasmuch as experience of conflict is concerned.

After declaring his stand against pacifism he spoke a defense for the capitalistic system of our American government—a righteous and not a self-seeking capitalist system—and directed a verbal tirade against the Communistic economic system.

"Why, when we consider it, we find that the poorest man under the worst conditions in our country today is better fed and better clothed, kept warmer when it's cold and kept cooler when it's hot, than were the emperors and kings of ancient worlds," he said. He admitted that "instances of abuses" which would crop up under any system in any country might be the exceptions.

"I'm against the Communistic system, not only because it is economically unsound, but because of its moral consequences," President Buswell added. He said our system "is bad enough, but I'm not so sure that ours is better than others."

Rev. C. H. Heaton, pastor of the First Baptist church, was a guest.

Kiwanians were notified yesterday that a divisional rally of Kiwanis club will be held in the First M. E. church at Coraopolis on Tuesday evening, April 17, with Robert Shepard, Erie, governor of the Pennsylvania district, as the chief speaker. A delegation will attend from here.

## Winter Wheat In State Increases

Despite Severe Winter Weather Wheat Crop Will Exceed That Of 1933

(International News Service)

HARRISBURG, April 12.—Despite an unusually severe winter which wreaked havoc on stone fruit crops in the state, the federal-state crop reporting service bulletin for April today estimated that Pennsylvania's winter wheat crop this year would be 16,021,000 bushels, or roughly one

of a million bushels in excess of last year's crop.

The increase was forecast in the face of the April 1 condition of winter wheat, which was the second lowest on record.

Stocks on corn and wheat on the farms were reported slightly above the 1929-33 average but oats was listed as slightly lower. Egg produce was listed as increased this year but milk production was down.

**Wages Have Advanced.**

The report pointed out that farm wages have advanced more than usually at this time of the year.

Sweet cherries, the report said, have been virtually destroyed by the winter weather although sour cherries are expected in abundance. Apples and pears were reported not damaged.

The continued cold weather ac-

cording to the report, has delayed spring plowing. Below normal precipitation also was listed as a factor in the poor condition of wheat.

Heavy snows and strong winds, the report added, swept many fields bare and caused much wheat to turn brown but recent warm rains have revived most of this part of the crop.

**MOTHS LIVE IN FROST.**

(International News Service)

BOSTON, April 12.—The rigors of the hardest winter in New England for years could not kill the moths, who annually extract their toll of plant life. The state department of conservation has ordered 50 tons or more of arsenate of lead to exterminate these pests. It is believed that the clusters of moths became buried under the snow and were kept from freezing.

On next Monday night, April 16, at 8 o'clock in the high school auditorium a musical and literary program will be given by the winners from Mt. Jackson in the county contest at New Wilmington.

The following program will be offered:

## Prisoners Stick To Hunger Strike

Nineteen Defy All Attempts  
To Make Them Eat At  
Holmesburg Prison

### SEEKING TRANSFER TO PENITENTIARY

(International News Service)  
PHILADELPHIA, Apr. 12.—Nineteen defiant inmates of the county prison at Holmesburg stubbornly clung to their self-imposed fast today as Warden William B. Mills awaited an answer to his appeal that the "tough guys" be removed to another institution.

The number of the hunger strikers was reduced when one of them succumbed to the sight and smell of food offered him and partook of the repast.

#### On Seventh Day

The strike entered its seventh day with many of the protesting convicts growing pale and gaunt-eyed. Food was served to the 19 holdouts, but they tenaciously refused to touch it.

The hunger strikers are "alumni" of Eastern State Penitentiary. Together with six comrades, the 19 fasting prisoners were transferred to Holmesburg after they had engineered the sensational riots at Eastern Penitentiary last fall.

Warden Mills appealed to State Secretary of Welfare Alice F. Liveright to take all 25 of the Eastern Penitentiary "graduates" out of his institution. Miss Liveright today was to confer with Mills and with Warden Herbert Smith of Eastern Penitentiary on plans to transfer the offenders.

The hunger strikers began their fast last Friday morning after a riot led by most of the 25 transferred convicts, had been quelled. The insistent prisoners wrecked the beds and plumbing in their cells and set fire to their mattresses. They were subdued and placed in the "klondike" section of the prison where the cells are bare of furniture and fixtures.

Government experts aren't so smart. One of them lists the five chief causes of headaches and omits government experts.

### Steel Mills At Youngstown, Ohio, Are Quite Active

Expect To Pass 60 Per Cent Of  
Capacity By End Of  
Present Week

(International News Service)  
YOUNGSTOWN, O., April 12.—Youngstown district mills will, in all probabilities, cross 60 per cent by the end of this week, it was learned today.

The operating rate yesterday was 58 per cent, up two points from the start of the week and three points above a week ago.

To Open Mill.  
YOUNGSTOWN, O., April 12.—Another 15 per cent increase in Youngstown Sheet & Tube's volume of business will cause the reopening of that concern's Brier Hill works. It was revealed semi-officially today. The concern's present operation in this district is at about 49 per cent of capacity.

The strike entered its seventh day with many of the protesting convicts growing pale and gaunt-eyed. Food was served to the 19 holdouts, but they tenaciously refused to touch it.

The hunger strikers are "alumni" of Eastern State Penitentiary. Together with six comrades, the 19 fasting prisoners were transferred to Holmesburg after they had engineered the sensational riots at Eastern Penitentiary last fall.

Warden Mills appealed to State Secretary of Welfare Alice F. Liveright to take all 25 of the Eastern Penitentiary "graduates" out of his institution. Miss Liveright today was to confer with Mills and with Warden Herbert Smith of Eastern Penitentiary on plans to transfer the offenders.

The hunger strikers began their fast last Friday morning after a riot led by most of the 25 transferred convicts, had been quelled. The insistent prisoners wrecked the beds and plumbing in their cells and set fire to their mattresses. They were subdued and placed in the "klondike" section of the prison where the cells are bare of furniture and fixtures.

Government experts aren't so smart. One of them lists the five chief causes of headaches and omits government experts.

Would-Be Suicide

(International News Service)  
GENOA, April 12.—Cheered by the cabled message received from her former husband, Lieut. Thomas H. Massie, U. S. N., Mrs. Thalia Fortesque Massie seemed in better spirits today than at any time since she was taken to the Liner Roma after attempting suicide to the clinic of Dr. Emilio Borrelli.

In contrast to the nervousness and moodiness of previous days, Mrs. Massie sang gaily today, keeping time with a military band which played nearby.

### Piles Go Quick Without Salves or Cutting

Thousands of sufferers from itching, bleeding or protruding piles have learned that quick and lasting relief can be accomplished with an internal medicine. Neither salves nor cutting remove the cause.

Bad circulation of the blood in the lower bowel causes piles. The veins are flabby, the bowel walls weak—the parts lifeless. To end piles an internal medicine should be used to stimulate the circulation and heal the affected parts.

Dr. J. S. Leonhardt was the first to discover the real internal Pile remedy. He called his prescription HEM-ROID, and prescribed it for hundreds of patients with a marvelous record of success and then decided every pile sufferer should be able to buy HEM-ROID tablets from their own druggist with a rigid money back guarantee.

So why waste time on external remedies or worry about an operation when Eckerd's Cut Piles and New Castle Drug Co. say "No matter what kind of piles you have, one bottle of HEM-ROID tablets must show you the safe clean way to get rid of your pile misery or money back."

# ASSERTS JAPAN PLANS ATTACK ON RUSSIA

## Congressman Relates Story

Says He Learned Purported Plans During Visit To Russia Recently

## ALSO CLAIMS U. S. WILL BE TARGET

By WILLIAM S. NEAL  
International News Service Staff Correspondent

(Copyright, 1934, by International News Service)

WASHINGTON, April 12.—Secret war plans of Japanese militarists—unfolded to him by Russian officials—call for a quick defeat of Russia and war on the United States the next year, Rep. William I. Sirovich (D) of New York, said today.

The New York member of congress, who started the house merchant marine committee by relating the purported Japanese plan of strategy in the event of war with the United States, expanded his narrative of the secret information he said was given him by high Russian officials.

### Plan Revealed.

The entire Japanese plan, he said, was told him when he visited Russia last fall.

"I do not seek war—I am for peace," said Rep. Sirovich, who has attained high rank as a physician and scientist. "I urge in the name of peace that the United States fortify Alaska and the Aleutian Islands."

It is on Alaska and the Aleutian Islands that Japanese militarists plan to move, he said.

### To Strike At Russia.

"Recognition of Soviet Russia by the United States undoubtedly prevented war between Japan and Russia this spring," said Sirovich.

"Russian officials and officers understand that the plan of Japanese militarists is to strike at Russia and then the United States the very next year."

Sirovich said that high Russian officials insisted that there was a secret treaty between Japan and Germany. When Japan struck at Russia on the east, Germany would strike between them.

### Seek Oil Prize.

"Japan would bottle up Russia and then grab the great prize—the Sakhalin Island off Siberia north of Japan," he said. "Here is the greatest oil prize of the world. Under treaty, Japan has one-third, Russia one-third and the other is divided between them."

"Russia was eager for recognition by the United States when I was there. They felt that by joining hands with the United States Japan would not dare to carry out the plans."

### Could Inflict Damage.

"Vladivostok, the Russian port, is a cancer in the eyes of Japan. This is because Russia could, with airplanes, strike from there. Japanese houses are chiefly of cotton and wood. Vast damage could be done by planes."

"Russia needs another year before she is ready. She has already concentrated 400 to 500 of the finest bombing planes to meet Japan."

Sirovich asserted that Japan is already making maps and charts in the Alaskan area. He said that salmon canning firms have imported Japanese and Coolie labor there, and among them are Japanese agents.

"In Russia they know that the Japanese aim is to dominate the Pacific and the Orient, and Russia and the United States only stand in the way," he said.

### Should Fortify Alaska.

Fortification of the Aleutian Islands is prevented by treaty but the mainland of Alaska should be immediately fortified and naval and airplane bases established, Sirovich contended.

"It is possible that Japan might consider this an overt act on the part of the United States," said Sirovich. "We do not want war, but we must not blind our eyes to the situation. We should fortify Alaska in the name of peace."

### RABBI CONDUCTS RELIGIOUS SERVICE.

Rabbi Avery Jonah Grossfield of Temple Israel was in Polk on Wednesday, April 11, where he conducted the monthly service for the Jewish children at the Polk state school in his capacity of state chaplain.

He was accompanied by Miss Lena Silverman, who played the piano during the service and also entertained the children with several piano selections, and by David Lerner, a student at Slippery Rock teachers college, who had to write a school report on his visit. A treat of sugar-coated peanuts and peppermint sticks was provided by Mr. and Mrs. Ben Brown of 10 West Washington street, and was greatly appreciated by the children.

## UNAFRAID, THEY CAPTURE BURGLAR

Mildred Rudell

Lillian Rudell

It takes more than a burglar to frighten Mildred Rudell, 16, left, and her sister, Lillian, 18. The girls, members of the Stroud, Okla., girls' basketball team, met a burglar in their home, but instead of becoming frightened, they grabbed him and held him until their brother, Fred, 13, obtained help. The burglar was identified as Raymond Boles, former confederate of the notorious fugitive, Charles (Pretty Boy) Floyd, who allegedly had been intending to steal the Rudell family automobile.

## On Market Bill

Hope To Be Able To Present Stock Market Bill To Senate Next Week

MORE PROVISIONS ARE DISCUSSED

(International News Service)

WASHINGTON, Apr. 12.—Prospects for reporting the Stock Market bill to the senate next week increased today as the senate banking subcommittee hastened consideration of the remaining undecided provisions.

Meanwhile, "brain trusters" who were worsted when a number of sections they proposed were vitally altered or eliminated, planned to have their senators make an effort to restore the measure according to their views.

House leaders, however, said they were not prepared to accept the sweeping changes made by the senate committee. Among them were:

1. Presidential appointment of a commission of three members to administer the bill. 2. Abolishment of specific margin requirements. 3. Conferring upon the presidential commission the power to fix margins and upon the federal reserve board authority to control credits.

Senate Balky On Income Tax Bill

May Ignore Treasury Rec-

ommendations On High-

er Estate Taxes

GIFT SCHEDULES MAY BE BOOSTED

By WILLIAM K. HUTCHINSON

International News Service Staff Correspondent

WASHINGTON, Apr. 12.—After defying President Roosevelt by taxing vegetable oil imports from the Philippines, the senate prepared today to ignore treasury recommendations by imposing sharply higher taxes on estates and gifts.

The progressive bloc backed an amendment by Senator Lafollette (R) of Wisconsin, to the administration's new tax bill, proposing a new sliding scale of estate taxes to yield \$82,000,000 more revenue annually than existing law. It was offered as a substitute for the senate finance committee's scale, which would raise existing rates only \$7,000,000 a year.

All indications pointed to adoption of the Lafollette scale. It was endorsed individually by Senator Harrison (D) of Mississippi, administration leader, as the "best way" for forcing a redistribution of wealth. The progressives endorsed it enthusiastically.

### Would Increase Gift Schedules

Lafollette also proposed a new gift tax schedule. It would increase existing rates in conformity with his proposed new estate taxes, so that rich men, about to die, could not escape the estate tax by giving their fortunes away before death.

The Lafollette estate taxes would begin with one percent on \$20,000 estates, after allowing an exemption of \$40,000. The maximum rate would be 60 percent of estates in excess of \$10,000,000. The maximum rate in existing law is 40 percent at the same level, while the finance committee recommended a maximum of 50 percent.

The Lafollette gift taxes would be slightly less. They would start with three-fourths of one percent on the first \$20,000, after granting an ex-

## FARM PRICES

the Federal-State Crop Reporting Service. Meat animal prices made the most pronounced gains during this period.

PHEASANTS DESTROY CROPS

SPRINGVILLE, Utah—Pheasants

are doing so much damage to grain fields west of here that farmers are dunning the state fish and game department for compensation. William Whitney, superintendent of the state fish and game farm, said he and his assistants were doing all

they could to feed the birds until the sown grain becomes rooted firmly enough to resist attacks of the pheasants.

# Valuable Papers Reported Stolen

Papers Telling Of Discovery Of Lost Mines Of King Solomon Are Stolen

ARCHAEOLOGISTS RETURNING HOME

(International News Service) MARSAILLES, France, April 12.—Count Byron De Prorok, who said he found the lost mines of King Solomon in the Land of Ophir, cannot prove it because someone stole his luggage, he declared to-day.

Count De Prorok, an American citizen engaged in archaeological expeditions in Egypt and elsewhere under French sponsorship, arrived with four companions from Ethiopia.

"We found very remarkable and interesting stuff in Abyssinia," Count De Prorok said, "including King Solomon's ancient mines."

"But all proof was lost when all our luggage was stolen."

"We are returning empty-handed, without proofs, documents, films or specimens."

## Eardley Is Still Hospital Patient

Accident Victim Will Not Be Able To Leave For Some Time; Other Welsh News

(By WILLIAM A. JOHNS) Brython

We are very sorry to report that our friend, Edwin Eardley, is still at the New Castle hospital and there is not much hope for him leaving the hospital for some months yet. He

met with an accident a few weeks ago while following his employment with the CWA.

A letter came this week from David Johns, Morriston, South Wales, brother of Brython, in which he stated that another brother, Edward Johns, has recovered enough from an operation he underwent some time ago at the Swansea hospital to return to his home. This will be good news to his many friends in New Castle.

Mrs. Sidney Johns, of Garfield avenue, is expected to return home next Sunday from her long vacation at Phoenix, Arizona, where she has been visiting her sister and brother-in-law, Mr. and Mrs. Arthur Midleton and their family.

Word from the committee of the Warren eisteddfod indicates that the May event will be most successful. A great many choirs will compete, among them a New Castle choir under the direction of William H. Richards. This choir is looking forward to bringing the chief prize back to New Castle.

## Dr. Buswell Tells Kiwanis His Stand Against Pacifism

Wheaton College President Heard By Club At Luncheon Wednesday

"One thing far worse—unspeakably worse—than war is that moral indifference which would let us be knocked down and walked over and lead all nations to regard international law as just another 'scrap of paper' and bring dishonor to all," Dr. J. Oliver Buswell, president of Wheaton College, Wheaton, Ill., and guest speaker at the First Baptist church this week, told the Kiwanis Club in a luncheon address on "Why I Am Not a Pacifist," yesterday.

"I want peace with righteousness, peace with law and order," Dr. Buswell continued, "but we might as well discard the American government if we're going to be pacifists."

The college head emphasized that "my faith is a militant faith, not a pacifist faith."

Having served in the World War as an army chaplain, he speaks with authority, inasmuch as experience of conflict is concerned.

After declaring his stand against pacifism he spoke a defense for the capitalistic system of our American government—a righteous and not a self-seeking capitalist system—and directed a verbal tirade against the Communistic economic system.

"Why, when we consider it, we find that the poorest man under the worst conditions in our country today is better fed and better clothed kept warmer when it's cold and kept cooler when it's hot, than were the emperors and kings of ancient worlds," he said. He admitted that "instances of abuses" which would crop up under any system in any country might be the exceptions.

"I'm against the Communistic system, not only because it is economically unsound, but because of its moral consequences," President Buswell added. He said our system "is bad enough, but I'm not so sure that ours is better than others."

Rev. C. H. Heaton, pastor of the First Baptist church, was a guest. Kiwanians were notified yesterday that a divisional rally of Kiwanis club will be held in the First M. E. church at Coraopolis on Tuesday evening, April 17, with Robert Shepard, Erie, governor of the Pennsylvania district, as the chief speaker. A delegation will attend from here.

## Winter Wheat In State Increases

Despite Severe Winter Weather Wheat Crop Will Exceed That Of 1933

(International News Service)

HARRISBURG, April 12.—Despite an unusually severe winter which wrecked havoc on stone fruit crops in the state, the federal-state crop reporting service bulletin for April today estimated that Pennsylvania's winter wheat crop this year would be 16,021,000 bushels, or roughly one-

million bushels in excess of last year's crop.

The increase was forecast in the face of the April 1 condition of winter wheat, which was the second lowest on record.

Stocks on corn and wheat on the farms were reported slightly above the 1929-33 average but oats was listed as slightly lower. Egg produce was listed as increased this year but milk production was down.

**Wages Have Advanced.**

The report pointed out that farm wages have advanced more than usually at this time of the year.

Sweet cherries, the report said, have been virtually destroyed by the winter weather although sour cherries are expected in abundance. Apples and pears were reported not damaged.

The continued cold weather ac-

Many Pending Cases Against Income Evaders Will Be Settled By Government

(International News Service) WASHINGTON, April 12.—Indications that the government will compromise many pending cases against income tax violators were seen today at the Department of Justice, where about 300 cases of this kind are under investigation. Cummings said that a substantial number of offers of voluntary settlement had been received.

He approved several settlements on the basis of full payment, including that of Thomas L. Sidio of Cleveland.

At the time that the government announced it was proceeding against Sidio it was also announced that proceedings were being taken against Andrew W. Mellon, ex-mayor Jimmy Walker of New York and several others.

"What disposition will be made of these cases?" Cummings was asked.

"You may draw your own inferences," he replied. He declined to be more explicit.

Unwarranted Evasions The attorney general declared many of the tax cases under consideration involved the so-called "wash sales and similar unwarranted tax evasion devices." Cummings said in previous years transactions of this character, to a certain extent at least, have been countenanced or have been overlooked.

The department is insisting that the "ends of justice shall be satisfied," he said. In a substantial number of cases, however, voluntary offers of settlement have been made by the taxpayers on the basis of the deficiency in tax, interest and a 50 per cent penalty.

The impression was obtained that Mellon has made no offer to settle his case.

## Decision Gives Weirton Steel Edge In Battle

(BULLETIN) (International News Service)

WILMINGTON, Del., April 12.—The Weirton Steel company today scored partial triumph in its battle against the federal government's suit to restrain the big concern from continuing alleged violations of the National Recovery Act.

Judge John P. Nields in district court here handed down an order calling upon the government to submit more particulars in connection with its reference in the bill of complaint to the National Labor board. In its complaint the government charged that Weirton Steel had broken an agreement to permit the National Labor board to conduct an election among its employees to choose representatives for collective bargaining.

Settlement Of 45 More Discrimination Cases Are Announced Today

(International News Service)

DETROIT, April 12.—Settlement of 45 more discrimination cases, 17 of which were submitted by the Federated Auto Workers of St. Louis, an independent union not affiliated with the American Federation of Labor, was announced by the Automotive Labor Board today.

Reinstatement of the workers in the Chevrolet and Fisher Body plants was announced after a conference by the board.

Dr. Leo Wolman, chairman of the labor board, said it was significant that the St. Louis union had submitted its membership rolls directly to the employers, rather than first to the board.

Just what strike action the Federated Auto Workers would now take, in view of settlement of some of the 250 discrimination cases submitted to the labor board by it, was not revealed.

## STORE SALES FOR MARCH SHOW GAIN

(International News Service)

WASHINGTON, April 12.—The Atlanta, Cleveland and Dallas federal reserve districts led the country in increases of department store sales during March, the reserve board announced today.

As compared with a gain of 44 percent for the entire country the increase in the Atlanta district was 71 percent, in the Cleveland district 67 percent and in Dallas 58 percent over the same month last year.

Figures were based on reports from 511 stores in leading cities of the country.

The gain was the largest reported for any month since the depression swept the country in late 1929.

**Sales Show Gains**  
For the first three months of 1934 department store sales gained 27 percent as compared with the same period of 1933.

"Preliminary figures on the value of department store sales show an increase from February to March of considerably more than the estimated seasonable amount" the board said.

For other federal reserve districts the increases for March over the same month last year were:

Boston 43 percent; New York 32 percent; Philadelphia 42 percent; Richmond 52 percent; Chicago 33 percent; St. Louis 49 percent; Minneapolis 29 percent; Kansas City 42 percent; San Francisco 40 percent.

# ASSERTS JAPAN PLANS ATTACK ON RUSSIA

## Congressman Relates Story

Says He Learned Purported Plans During Visit To Russia Recently

ALSO CLAIMS U. S. WILL BE TARGET

By WILLIAM S. NEAL  
International News Service Staff Correspondent  
(Copyright, 1934, by International News Service)

WASHINGTON, April 12.—Secret war plans of Japanese militarists—unfolded to him by Russian officials—call for a quick defeat of Russia and war on the United States the next year, Rep. William J. Sirovich (D) of New York said today.

The New York member of congress, who startled the house merchant marine committee by relating the purported Japanese plan of strategy in the event of war with the United States, expanded his narrative of the secret information he said was given him by high Russian officials.

### Plan Revealed.

The entire Japanese plan, he said, was told him when he visited Russia last fall.

"I do not seek war—I am for peace," said Rep. Sirovich, who has attained high rank as a physician and scientist. "I urge in the name of peace that the United States fortify Alaska and the Aleutian Islands."

It is on Alaska and the Aleutian Islands that Japanese militarists plan to move, he said.

### To Strike At Russia.

"Recognition of Soviet Russia by the United States undoubtedly prevented war between Japan and Russia this spring," said Sirovich.

"Russian officials and officers understand that the plan of Japanese militarists is to strike at Russia and then the United States the very next year."

Sirovich said that high Russian officials insisted that there was a secret treaty between Japan and Germany. When Japan struck at Russia on the east, Germany would strike in Europe.

### Seek Oil Prize.

"Japan would bottle up Russia and then grab the great prize—the Sakhalin Island off Siberia north of Japan," he said. "Here is the greatest oil prize of the world. Under treaty, Japan has one-third, Russia one-third and the other is divided between them."

"Russia was eager for recognition by the United States when I was there. They felt that by joining hands with the United States Japan would not dare to carry out the plans.

### Could Inflame Damage.

"Vladivostok, the Russian port, is a cancer in the eyes of Japan. This is because Russia could, with airplanes, strike from there. Japanese houses are chiefly of cotton and wood. Vast damage could be done by planes."

"Russia needs another year before she is ready. She has already concentrated 400 to 500 of the finest bombing planes to meet Japan."

Sirovich asserted that Japan is already making maps and charts in the Alaskan area. He said that salmon canning firms have imported Japanese and Coolie labor there, and among them are Japanese agents.

"In Russia they know that the Japanese aim is to dominate the Pacific and the Orient, and Russia and the United States only stand in the way," he said.

### Should Fortify Alaska.

Fortification of the Aleutian Islands is prevented by treaty but the mainland of Alaska should be immediately fortified and naval and airplane bases established, Sirovich contended.

"It is possible that Japan might consider this an overt act on the part of the United States," said Sirovich. "We do not want war, but we must not blind our eyes to the situation. We should fortify Alaska in the name of peace."

### RABBI CONDUCTS RELIGIOUS SERVICE

Rabbi Avery Jonah Grossfield of Temple Israel was in Polk on Wednesday, April 11, where he conducted the monthly service for the Jewish children at the Polk state school in his capacity of state chaplain.

He was accompanied by Miss Lena Silverman, who played the piano during the service and also entertained the children with several piano selections, and by David Lerner, a student at Slippery Rock teachers college, who had to write a school report on his visit. A treat of sugar-coated peanuts and peppermint sticks was provided by Mr. and Mrs. Ben Brown of 10 West Washington street, and was greatly appreciated by the children.

The burglar was identified as Raymond Boles, former confederate of the notorious fugitive, Charles (Pretty Boy) Floyd, who allegedly had been intending to steal the Rudell family automobile.

### Speed Hearings On Market Bill

Hope To Be Able To Present Stock Market Bill To Senate Next Week

**MORE PROVISIONS ARE DISCUSSED**

(International News Service)

WASHINGTON, April 12.—Prospects for reporting the Stock Market bill to the senate next week increased today as the senate banking subcommittee hastened consideration of the remaining undecided provisions.

Meanwhile, "brain trusters" who were worsted when a number of sections they proposed were vitally altered or eliminated, planned to have their senators make an effort to restore the measure according to their views.

House leaders, however, said they were not prepared to accept the sweeping changes made by the sweeping committee. Among them were:

1. Presidential appointment of a commission of three members to administer the bill. 2. Abolishment of specific margin requirements.

3. Confering upon the presidential commission the power to fix margins and upon the federal reserve board authority to control credits.

### UNAFRAID, THEY CAPTURE BURGLAR

Mildred Rudell

Lillian Rudell

It takes more than a burglar to frighten Mildred Rudell, 16, left, and her sister, Lillian, 18. The girls, members of the Stroud, Okla., girls' basketball team, met a burglar in their home, but instead of becoming frightened, they grabbed him and held him until their brother, Fred, 13, obtained help. The burglar was identified as Raymond Boles, former confederate of the notorious fugitive, Charles (Pretty Boy) Floyd, who allegedly had been intending to steal the Rudell family automobile.

Hope To Be Able To Present Stock Market Bill To Senate Next Week

**MORE PROVISIONS ARE DISCUSSED**

(International News Service)

WASHINGTON, April 12.—Prospects for reporting the Stock Market bill to the senate next week increased today as the senate banking subcommittee hastened consideration of the remaining undecided provisions.

Meanwhile, "brain trusters" who were worsted when a number of sections they proposed were vitally altered or eliminated, planned to have their senators make an effort to restore the measure according to their views.

House leaders, however, said they were not prepared to accept the sweeping changes made by the sweeping committee. Among them were:

1. Presidential appointment of a commission of three members to administer the bill. 2. Abolishment of specific margin requirements.

3. Confering upon the presidential commission the power to fix margins and upon the federal reserve board authority to control credits.

"Russia needs another year before she is ready. She has already concentrated 400 to 500 of the finest bombing planes to meet Japan."

Sirovich asserted that Japan is already making maps and charts in the Alaskan area. He said that salmon canning firms have imported Japanese and Coolie labor there, and among them are Japanese agents.

"In Russia they know that the Japanese aim is to dominate the Pacific and the Orient, and Russia and the United States only stand in the way," he said.

Should Fortify Alaska.

Fortification of the Aleutian Islands is prevented by treaty but the mainland of Alaska should be immediately fortified and naval and airplane bases established, Sirovich contended.

"It is possible that Japan might consider this an overt act on the part of the United States," said Sirovich. "We do not want war, but we must not blind our eyes to the situation. We should fortify Alaska in the name of peace."

# Navy Threatens To Remove Ship From Camden

Threat By Navy Causes New Effort To End Ship-builders Strike Tieup

(International News Service) CAMDEN, N. J., April 12.—Reports that the navy department was preparing to step in and remove the Cruiser *Tuscaloosa* to another ship yard for completion, gained credence today with word that Clinton L. Bardo, president of the New York Shipbuilding Company, has gone to New York to obtain permission to offer new terms to the 3,100 shipyard strikers.

Bardo, according to persistent reports, arranged for a meeting with the board of directors of the shipbuilding company immediately after the striking workers had rejected a ten per cent wage increase and union recognition as unsatisfactory.

Construction Stopped.

The strike has tied up \$43,000,000 worth of naval construction for more than three weeks. The workers are demanding an average 25 per cent increase in pay and have adamantly refused to consider proposals offering less.

The Cruiser *Tuscaloosa* was to have made its trial trip on May 1.

Meanwhile, the situation in the strike of 2,200 workers at the Campbell Soup Company grew tense today as more workers accepted the company's offer to return to work. Large details of police have been assigned to duty around the plant as fear of violence spread.

## Engineers Will Gather Monday

Monday evening, April 16, has been set as the date of the next meeting of the Mahoning-Shenango Valley Engineers' Society in the Castleton Hotel. Dinner will be served at 6:30 and following the dinner there will be two speakers.

Mayor Charles B. Mayne will discuss "What Alaska Means to the United States." W. H. Readings of the Danforth Company of Pittsburgh, will speak on "Industrial Air Conditioning" and its various applications.

Members are asked to make their reservations before April 14.

## Court Ends And All Jurors Discharged

Jurors in attendance at county court this week were all discharged following a verdict rendered Wednesday afternoon in the case of Tyler against Jenkins. Jurors not on that case were discharged earlier. There were several other cases on the list but none of them were ready for trial. Another session of court will be held during the week beginning April 23, for which another jury has been drawn.

### Demand Made To Liberalize Act So Industries Can Secure Capital

(International News Service) WASHINGTON, April 12.—A demand was made on congress today by the durable goods industries committee to amend and liberalize the 1933 securities act so that those industries "can immediately secure new and needed capital and permanently reemploy many millions of skilled workers."

The committee pointed out that since beginning of the depression only four per cent of new domestic capital has been secured for the durable goods industries, while in Great Britain new capital for the same industries has risen to 54 per cent.

The committee said that in 1933 about one third of the total national income produced was taken and distributed in governmental channels, including federal and all other governmental agencies.

## Jimmy McLarnin Will Be Favored To Defeat Ross

Welterweight Champion Will Be Top-Heavy Favorite Over Light-weight Champ

(International News Service) NEW YORK, April 12.—Beyond all doubt Jimmy McLarnin will enter the ring for his milk fund fight May 28 a top-heavy favorite over Barney Ross of Chicago, but there's at least one man in addition to Ross himself who can't see how the mid-west Hebrew can lose.

The long disserter from the expert opinion is Benny Leonard, who is used to be rather handy with his fists himself.

Said Benny today: "I think McLarnin has made a terrible mistake. He has been caught in a trap of his own making.

Ross is a sure winner of the decision, the welter title and the distinction of being one of the few double champions in ring history."

Lest we forget, Leonard was stopped in seven rounds by this Sam McLarnin when the former light-weight champion was making his recent comeback effort.

## Scarazzos Enter Mushball League

Al Scarazzo who has sponsored baseball teams in the Lawrence County league for many years has forsaken baseball this year for mushball and will enter a strong team in the New Castle mushball league. Fred Marcella will manage the team.

A meeting of the Scarazzo team has been called for tonight at the club rooms on South Mill street. The following are asked to report: Louis Pascarella, Babe Sherrora, Mike DiMuccio, Frank Isabella, Benny Augustine, Tony Gennock, Ted Turco, Johnny Uran, Buday Marino, Tip Richards, Pele Gennock, James Bartlett, Tom Mietta, Al Ritchie, Frank Vigal, Tony Masterni, Dom Scarnati, and Frank Stone. This will be the South Siders sixth year in mushball.

## Marty McManus Sold To Braves

(International News Service) WASHINGTON, April 12.—A heavy downpour kept the Brooklyn Dodgers from tangling with the Washington Senators yesterday, but with any sort of a break from the weather man the two clubs will play today. The Dodgers announced that Marty McManus, veteran third baseman and former manager of the Red Sox, had been sold outright to the Boston Braves.

## HERE AND THERE IN SPORTS' LAND

Albie Booth, former Yale football star and now an assistant coach at New York university, has been designated to lead an American squad in a punting duel with touring Cambridge University rugby team at New York, Saturday.

Wearied from nine weeks of competition, Lester Stoenf dropped out of the singles play in the North South tennis tourney yesterday at Pinehurst, defaulting in the second round to A. L. Bureau of Brooklyn.

Seeded third, he told the committee he was tired from the strain and did not feel he should continue in the singles.

Lenore Kight of Homestead, defending titleholder, lost by a fraction of a second to Olive McKeon of Seattle, Wash., in the national A. A. U. 100 yard indoor swimming championship of Chicago last night. The time was 1:02.4.

Peden and Zach won the six days bicycle race at Cleveland...Moncton Hawks, Canadian champs, won the first North American amateur hockey title when they beat the Detroit White Stars at Toronto. Tom Allen, coach at Windber, has been named football mentor at Pottsville High.

RABBIT CAUSED DEATH (International News Service)

LAS ANIMAS, Colo.—A rabbit that suddenly sprang out from the bushes beside the trail along which he was riding caused the death of Arle Davidson, 20, a rancher living 10 miles east of Las Animas. Davidson's horse was frightened by the rabbit, throwing him to the ground. He incurred fatal injuries from which he died in a hospital here three days later.

### Lawrence Loop To Open May 9

Franchise Price Cut To \$25; Two More Teams Are Desired

### PLAN TO HAVE SPLIT SEASON

Officials of the Lawrence County Baseball league last night met with club managers and decided to open the season May 9. A split season will be played with 21 games in each half, the first to end June 23 and the second half to finish August 11.

With four teams in the circuit it was decided to hold the league open for two more teams until next Wednesday night. The managers and officials said that the franchise price would be cut from \$50 to \$25. West Pittsburg, Bessemer, Polish Nationals and Mahoning A. A., last season's champions, have already taken out franchises.

The managers voted to request Mayor Charles B. Mayne, Director of Parks Joseph D. Alexander and Ed. Frits, sports editor of The News, to act as a board of commissioners. The other officers are: W. G. Andrews, president; Alex Samuels, vice-president, and Ed. Connery, secretary.

### SPYING ON SPORTS

INTO THE FOG of a spring morning two sun-browned young-looking Americans sailed the other morning. Somewhere in the hold of the great liner were two brightly-painted narrow racing cars.

The third American invasion of the Barbary states was thus launched.

The men were Peter De Paolo and Lou Moore—to whom you need no introduction if you have been a reader of American sports pages for the last several years.

Peter De Paolo, twice national speedway champion, was coming out of retirement to race in the Grand Prix of Tripoli classic. Moore, runner-up last year for the American championship, was going abroad for a crack at the same prize and as sort of tune-up-win or lose—for the granddaddy of all speedway races, the Indianapolis 500-mile international championship grind.

THE FIRST two American invasions of Tripoli and the Barbary states were somewhat different to say the least.

Every American remembers how he thrilled at the stories in his school histories of the glamorous deeds of William Eaton and Commodores Peble and Bainbridge and Stephen Decatur, more than a century ago.

At war with the Barbary pirates because of their depredations against American shipping shortly after the conclusion of the Revolutionary war, Uncle Sam sent squadrons to the Mediterranean sea from 1801 to 1804.

Bombardment of the port of Tripoli and William Eaton's land invasion forced the brown-skinned buccaneers to flee for peace in 1805.

In 1812—coincident with the War of 1812—the Barbary pirates again harassed American merchantmen. In 1815 Stephen Decatur, one of the grandest figures in American naval history, again crushed the power of the pirates. They never bothered us again.

But DE PAOLO and Moore whipping out their flame-splitting mounts over Tripoli's triangular 10-mile course, May 6, won't be splitting up again.

They'll be thinking on the \$20,000 first prize and the prestige of being the first American to win the auto race title of all Africa.

And the natives, direct descendants of those old pirate crews who fought like madmen against the 100-pounders of the Yankee frigates and the bayonets of Eaton's men will be cheering on this two-man American invasion who are trying to prove that Uncle Sam still turns out the best motor cars and race drivers.

That's the great difference a century—and the universal love of sport—can effect.

### Ten Teams In

Mushball Loop

Charles P. Walther, Re-Elected As President Of New Castle League

### RILEY, BABOVSKY NAMED OFFICERS

Mushball in New Castle this coming summer should be a bigger and better sporting event than heretofore, judging from the enthusiasm and turnout of players and managers held last night at the Y. M. C. A. at which time ten teams signified intention to take out franchises. Charles P. "Bugs" Walther, was re-elected as president of the New Castle Mushball League for another term. David Riley was named as vice-president and Mike "Jake" Babovsky was named secretary.

There were perhaps 25 at the meeting. Ten teams sent managers and representatives to the session.

All of the men present were enthusiastic over the prospects of a fast league here this year. Mushball in New Castle is climbing to a higher plane.

### FOUR NEW TEAMS

In addition to the teams in the East Side League of last year the new teams will be the Cunningham A. C., Ellwood City Millers, West Side Merchants and Scarazzos.

The next meeting of the league will take place next Wednesday at one game each.

## Gridders Shiver During Workout

### Rain And Snow Causes Football Players Discomfort At Taggart Field

New Castle High school football candidates had the experience of shivering in a spring workout yesterday when rain and snow brought much discomfort to the footballers at Taggart Field.

Coach Phil Bridenbaugh put the boys through a light workout. Five teams again ran through signals. The linemen were given a charging lesson. The backfield men were again taught how to shake off weak-tacklers.

The session was very brief. It just wasn't the right kind of weather for spring rehearsals. More like late fall weather.

The backfield continues to be a big worry for Bridenbaugh. There is quite a fine list of young boys wanting the starting back jobs, and it is going to be tough to pick out the four best men. Fleming and Raskowski seem to have two of the berths settled. There are two posts very much open and that is right and left halfback. Some merry battles will take place before the jobs are won.

Not knowing all of our laws may get you into trouble, but it keeps you from feeling ashamed of your race.

(International News Service)  
NEW YORK, April 12.—Peter Turrigan, owner of a Brooklyn cafe and his body-guard, Pietro Calica, were dead today and the second attempt in two weeks by gangsters to kill a key witness in a murder investigation was successful.

Turrigan was at liberty in \$10,000 bail as a material witness in a kidnapping and murder last December and had known for some time that he was marked for death.

The bodies of Turrigan and his body-guard were found in the cafe owner's automobile in a lonely section of Brooklyn yesterday. Police said the men had been shot with their own weapons.

**GARDNER**

Clarence Gillespie of Ellwood City called on friends at Gardner recently.

Phil Moore, of Gardner is suffering from a boll on the back of his neck, which is very painful.

Arthur Dean, is the name of a fine young gentleman, who arrived recently at the home of Mr. and Mrs. Clifford Robison of Gardner.

Mrs. William Stephanoff, came home from the New Castle hospital on Sunday morning, but is still confined to bed at her home at Gardner.

Their former neighbors at Gardner will be pleased to learn that Mr. and Mrs. Edward Earl, of East Washington street are rejoicing over the arrival of their first daughter, Betty Jane.

Last Sunday, Mr. and Mrs. Robert McFarland, of Lawn Farm at Grove City, ate dinner at the home of the latter's brother, Mr. and Mrs. William Gillette, of Energy, and called later at old friends at Gardner.

Mr. and Mrs. Merle Wise, of Cleveland were guests of their relatives, Mr. and Mrs. Paul Diller of Gardner, on Easter, and last Sunday the Diller family and their brother Andrew Diller, and family of the East Brook road, and Mr. and Mrs. Mosteller, went to the summer cottage, of Paul Diller near Emleton. They found great blocks of ice along the banks of the Allegheny at their cottage.

Mr. and Mrs. Clarence Gillespie, who are well known to many at Gardner as they visit here, have had a serious time as James Gilbert had the scarlet fever, and little Florence, not yet a year old seemed to have a very slight touch of the fever but had a gathering under her knee and one under her chin, both of which had to be lanced and now Mrs. Gillespie is suffering with a badly swollen ear which is very painful.

Sounds of merriment from the Hay home again. Why is this? Another birthday party. Marian Hay, daughter of Mr. and Mrs. Frank M. Hay of Gardner was twelve years of age on April 3. As a fitting observance of the day, about twenty of Marian's friends and schoolmates

were invited to come from seven to ten o'clock on Tuesday evening. A gay group had a lively time with games and music until Mrs. Hay and her daughters Virginia and Dorothy, served the fine lunch of appetizing dainties and the delightful birthday cake. Here are the guests: Dorothy Shaffer, Evelyn Fredericks, Charlotte Lutz, Mildred Zeigler, Jean Chapman, Mae Leight, Louise Hay, Louis Collins, Jack Gill, Charles Wilson, Robert McHattie, Raymond Fredericks, Frederick Robb, Jim Denley, Raymond Derr, Bobbie Taylor, Edward Dean, James Weingartner, and the honor guest Marian Hay, who received a fine array of charming gifts.

A genuine surprise party, who was the victim? Arthur Vance, son of Mr. and Mrs. Orin Vance, of the Vance road, Arthur always thought they never could catch him napping, but they did. His mother and his wife invited about fifty guests to come and celebrate his 29th birthday, when the cars came driving in was the first inkling the young man had of the party. Here is the list of guests: Wilbur Vance and family, William McKinley and family, Mr. and Mrs. Joseph Hairhogger and family of Wampum, George McWilliams, of New Castle, Roy Murphy and Frank Pollock, of New Castle, Mrs. Harriet Book, Mrs. Jennie Wilks, Mrs. Annie Kay, and daughter Ella, Mr. and Mrs. Steve Kwolek, Clarence Book, and Mary Appolito, all of Wampum, Wilbur, Lester and Norman Book, all of Ellwood City, Mr. and Mrs. Frederick Listman and family of Struthers, Ohio, Miss Gladys Taylor and brother Herman of Mahoningtown, Mrs. Ida Strawhecker and Mrs. Lillian Rhodes and son and Miss Frost, all of Mahoningtown, David Ryne of East Brook, Mr. and Mrs. Harry Householder of Wampum, Wayne Cole of Mahoningtown, Mr. and Mrs. Orin Vance, and daughter Margaret, Mrs. Arthur Vance, who received many beautiful gifts. His wife and mother served a generous and delicious lunch to all the guests after games and music had been enjoyed and it was at a late hour that the last car rolled away and echoes of the fun and laughter broke the silence of the midnight air.

# Navy Threatens To Remove Ship From Camden

Threat By Navy Causes New Effort To End Ship-builders Strike Tieup

(International News Service) CAMDEN, N. J., April 12.—Reports that the navy department was preparing to seize in and remove the Cruiser *Thuculose* to another ship yard for completion, gained credence today with word that Clinton L. Bardo, president of the New York Shipbuilding Company, has gone to New York to obtain permission to offer new terms to the 3100 ship-yard workers.

Bardo, according to persistent reports, arranged for a meeting with the board of directors of the shipbuilding company immediately after the striking workers had rejected a ten per cent wage increase and union recognition as unsatisfactory.

**Construction Stopped.**

The strike has tied up \$43,000,000 worth of naval construction for more than three weeks. The workers are demanding an average 25 percent increase in pay and have adamantly refused to consider proposals offering less.

The Cruiser *Thuculose* was to have made its trial trip on May 1.

Meanwhile, the situation in the strike of 2200 workers at the Campbell Soup Company grew tense today as more workers accepted the company's offer to return to work. Large details of police have been assigned to duty around the plant as fear of violence spread.

**Engineers Will Gather Monday**

Monday evening, April 16, has been set as the date of the next meeting of the Mahoning-Shenango Valley Engineers' Society in the Castleton Hotel. Dinner will be served at 6:30 and following the dinner there will be two speakers.

Major Charles B. Mayne will discuss "What Alaska Means to the United States." W. H. Reading of the Danforth Company of Pittsburgh, will speak on "Industrial Air Conditioning" and its various applications.

Members are asked to make their reservations before April 14.

**Court Ends And All Jurors Discharged**

Jurors in attendance at county court this week were all discharged following a verdict rendered Wednesday afternoon in the case of Tyler against Jenkins. Jurors not on that case were discharged earlier. There were several other cases on the list but none of them were ready for trial. Another session of court will be held during the week beginning April 23, for which another jury has been drawn.

## Says 'New Deal' Will Keep Going Forward

NEW YORK, April 12.—The new Deal, after a year of experiment, will continue to go ahead under full steam—not in the direction of fascism or communism but in the direction of the country's older ideals which had fallen into the discard.

This, in substance, is the message of President Franklin D. Roosevelt in his book "On Our Way" published today. The book is in the nature of a report to the people on the first year of the president's administration.

It is an account of the outstanding events since the president first took his oath as the nation's chief executive, and contains many of his speeches, executive orders and statements, linked by explanatory passages.

"We as a people are determined," the president writes, "after going forward for one year, to keep on going forward some more."

"A year ago things were going wrong with our civilization. We might as well admit it. We know, at least, the ideals of the men and women who settled America. We know, at least, the ideals of the founders of the Republic.

"In the later years conditions had

## Reach Agreement With Relief Board

Representatives Of C. W. A. Meet With Relief Heads Last Night

Meeting on Wednesday night, April 11, representatives of the CWA organization and the Emergency Relief board threshed out the matter of handing relief applications and arrived at a tentative agreement.

For the men Walter V. Tyler and J. K. McQuaid produced statements of relief applicants who said they had been forced to wait for hours around the relief headquarters before their case was acted upon and that often they would be put off with an order to come back the next day.

Mr. Tyler said that he felt the relief office was not showing enough attention in getting applications investigated and that there should be some arrangements made to handle emergency cases.

Wilson Hall, executive secretary of the relief board, said that in the future they would have some one there until midnight each night and on Saturday afternoon to handle emergency cases and that an effort would be made to get closer cooperation between the various agencies of the relief movement. Dr. G. S. Bennett also said that every effort would be made to handle relief applications as expeditiously as possible.

Officers will be elected, a program of entertainment has been arranged, a time for renewing old acquaintances has been set aside. Former teachers will be present to meet former pupils, and the indications point to a roiling reunion.

Members of other school organizations are asked to join with the Martin Ganters to make the evening a huge success. The time of opening is eight o'clock, the place is the Senior High School and the "kids of Martin Gant" are going to make merry in a big way.

## Want Securities Act Liberalized

Demand Made To Liberalize Act So Industries Can Secure Capital

(International News Service) WASHINGTON, April 12.—A demand was made on congress today by the durable goods industries committee to amend and liberalize the 1932 securities act so that those industries "can immediately secure new and needed capital and permanently reemploy many millions of skilled workers."

The committee pointed out that since beginning of the depression only four per cent of new domestic capital has been secured for the durable goods industries, while in Great Britain new capital for the same industries has risen to 84 per cent.

The committee said that in 1933 about one third of the total national income produced was taken and distributed in governmental channels, including federal and all other governmental agencies.

FILES IN BANKRUPTCY

(International News Service)

PITTSBURGH, April 12.—Alexander C. Miles, of New Castle, a tin worker at the American Sheet and Tin Plate Company, filed voluntary bankruptcy petition in federal court here

against J. W. Jenkins, which was

settled before Judge R. L. Hildebrand.

The jury returned a verdict for \$850 in favor of the plaintiff. Mrs. Tyler

sued to recover damages for the

death of her husband, the Rev.

Frank Tyler, who was fatally injured by an automobile driven by

Curtis Bell, who was in the employ

of Jenkins. Bell is serving a term

in the workshop for involuntary

manslaughter.

One of the questions at issue was

whether or not Bell was in the

course of his regular employment,

when the accident occurred, as he

had driven to South New Castle to

secure a pair of rubber boots. The

plaintiff contended that these boots

were necessary in his work of washing

cars.

## Jimmy McLarnin Will Be Favored To Defeat Ross

Welterweight Champion Will Be Top-Heavy Favorite Over Light-weight Champ

(International News Service) NEW YORK, April 12.—Beyond all doubt Jimmy McLarnin will enter the ring for his milk fund fight May 28 a top-heavy favorite over Barney Ross of Chicago, but there's at least one man in addition to Ross himself who can't see how the mid-west Heavy can lose.

The lone dissenter from the expert opinion is Benny Leonard, who used to be rather handy with his fists himself.

Said Benny today:

"I think McLarnin has made a terrible mistake. He has been caught in a trap of his own making. Ross is a sure winner of the decision, the welter title and the distinction of being one of the few double champions in ring history."

Lest we forget, Leonard was stopped in seven rounds by this Sam McLarnin when the former light-weight champion was making his recent comeback effort.

## Scarazzos Enter Mushball League

Al Scarazzo who has sponsored baseball teams in the Lawrence County league for many years has forsaken baseball this year for mushball and will enter a strong team in the New Castle mushball league. Fred Marcella will manage the team.

A meeting of the Scarazzo team has been called for tonight at the club rooms on South Mill street. The following are asked to report: Louis Pascerella, Babe Sherrow, Mike DiMuccio, Frank Isabella, Benny Augustine, Tony Genrocco, Ted Turco, Johnny Uram, Buddy Marino, Tip Richards, Pelo Jennoch, James Bartlett, Tom Malica, Al Bitchie, Frank Vigal, Tony Mastern, Dom Scarnati, and Frank Stone. This will be the South Siders sixth year in mushball.

## Marty McManus Sold To Braves

(International News Service) WASHINGTON, April 12.—A heavy downpour kept the Brooklyn Dodgers from tangling with the Washington Senators yesterday, but with any sort of a break from the weather man the two clubs will play today. The Dodgers announced that Marty McManus, veteran third baseman and former manager of the Red Sox, had been sold outright to the Boston Braves.

## HERE AND THERE IN SPORTS' LAND

Albie Booth, former Yale football star and now an assistant coach at New York university, has been designated to lead an American squad in a punting duel with touring Cambridge University rugby team at New York, Saturday.

Wearied from nine weeks of competition, Lester Stoenfieff dropped out of the singles play in the North-South tennis tourney yesterday at Pinehurst, defaulting in the second round to A. L. Bruneau of Brooklyn. Seeded third, he told the committee he was tired from the strain and did not feel he should continue in the singles.

Lenore Kight of Homestead, defending titleholder, lost by a tie to Olive McKean of Seattle, Wash., in the national A. A. U. 100 yard indoor swimming championship at Chicago last night. The time was 1:03.4.

Peden and Zach won the six days bicycle race at Cleveland...Moncton Hawks, Canadian champs, won the first North American amateur hockey title when they beat the Detroit White Stars at Toronto, 13-3...Tom Allen, coach at Windber, has been named football mentor at Pottsville high.

RABBIT CAUSED DEATH

(International News Service) LAS ANIMAS Coo—A rabbit that suddenly sprang out from the bushes beside the trail along which he was riding caused the death of Arla Davidson, 20, a rancher living 10 miles east of Las Animas. Davidson's horse was frightened by the rabbit, throwing him to the ground. He incurred fatal injuries, from which he died in a hospital here three days later.

## Ten Teams In Mushball Loop

Charles P. Walther, Re-elected As President Of New Castle League

### RILEY, BABOVSKY NAMED OFFICERS

Mushball in New Castle this coming summer should be a bigger and better sporting event than heretofore. Judging from the enthusiasm and turnout of players and managers held last night at the Y. M. C. A., at which time ten teams signified intention to take out franchises. Charles P. "Bugs" Walther, was re-elected as president of the New Castle Mushball League for another term. David Riley was named as vice-president and Mike "Jake" Babovský was named secretary.

There were perhaps 25 at the meeting. Ten teams sent managers and representatives to the session. All of the men present were enthused over the prospects of a fast league here this year. Mushball in New Castle is climbing to higher plane.

### Four New Teams

In addition to the teams in the East Side League of last year the new teams will be the Cunningham A. C., Ellwood City Millers, West Side Merchants and Scarazzos.

The next meeting of the league

will take place next Wednesday

## Gridders Shiver During Workout

### Rain And Snow Causes Football Players Discomfort At Taggart Field

New Castle High school football candidates had the experience of shivering in a spring workout yesterday when rain and snow brought much discomfort to the footballers at Taggart Field.

Coach Phil Bridenbaugh put the boys through a light workout. Five teams again ran through signals. The linemen were given a charging lesson. The backfield men were again taught how to shake off would-be-tacklers.

The session was very brief. It just wasn't the right kind of weather for spring rehearsals. More like late fall weather.

The backfield continues to be a big worry for Bridenbaugh. There is quite a fine list of young boys wanting the starting back job, and it is going to be tough to pick out the four best men. Fleming and Raskowski seem to have two of the best settled. There are two posts very much open and that is right and left halfback. Some merry battles will take place before the jobs are won.

Not knowing all of our laws may get you into trouble, but it keeps you from feeling ashamed of your race.

## STOCKS

Market Range  
Narrow Today

With Exception Of Few Isolated Stocks, Issues Move In Narrow Range

MOTOR SHARES  
ARE DEPRESSED

(International News Service) NEW YORK, April 12.—With the exception of a few isolated issues he stock market was apathetic today as the main body of issues moved within a narrow range.

Apprehension over the Detroit auto labor situation again depressed the auto and steel shares with Chrysler, General Motors, and Auton ruling fractionally lower.

United States Steel and Bethlehem also declined moderately in light trading.

United States Smelting, and the other silver shares were inclined to a weak with losses running to more than a point.

The commodity markets also somewhat listless. Wheat, corn and other grains moved fractionally lower in the early trading, while cotton was steady slightly above yesterday's close.

Rails and utilities were steady. Oil, chemicals, and aviations also showed a tendency to wait for further developments before moving on their side.

The commodity markets also somewhat listless. Wheat, corn and other grains moved fractionally lower in the early trading, while cotton was steady slightly above yesterday's close.

Loew's was independently strong on the list appearing in large blocks in the tape with gains of nearly a point. The strength was apparently due to the reports that the company could net about \$4 a share in the year ended June 30, next.

Rails and utilities were steady.

Oils, chemicals and aviations also showed a tendency to wait for further developments before moving on either side.

## Murder Case

## Witness Shot

Body Guard Also Found  
Slain In Auto Near  
Brooklyn

(International News Service)  
NEW YORK, April 12.—Peter

Turigliani, owner of a Brooklyn cafe and his body-guard, Pietro Calica, were dead today and the second attempt in two weeks by gangsters to kill a key witness in a murder investigation was successful.

Turigliani was at liberty in \$10,000 bail as a material witness in kidnaping and murder last December and had known for some time that he was marked for death.

The bodies of Turigliani and his body-guard were found in the cafe owner's automobile in a lonely section of Brooklyn yesterday. Police said the men had been shot with their own weapons.

## GARDNER

Clarence Gillespie of Ellwood City called on friends at Gardner recently.

Phil Moore, of Gardner, is suffering from a boil on the back of his neck, which is very painful.

Arthur Dean, is the name of a fine young gentleman, who arrived recently at the home of Mr. and Mrs. Clifford Robison of Gardner.

Mrs. William Stephanow, came home from the New Castle hospital on Sunday morning, but is still confined to bed at her home at Gardner.

Their former neighbors at Gardner will be pleased to learn that Mr. and Mrs. Edward Earl, of East Washington street are rejoicing over the arrival of their first daughter, Betty Jane.

KAPS ELECT  
OFFICER FOR  
COMING YEAR

NEW WILMINGTON, Pa., April 12.—Kappa Phi Lambda fraternity at Westminster College has elected Clarence Manor, Pittsburgh, president for the coming year. Manor, a junior, is editor of the Argo, junior class annual.

Mr. and Mrs. Mertle Wise, of Cleveland were guests of their relatives, Mr. and Mrs. Paul Diller of Gardner, on Easter, and last Sunday the Diller family and their brother Andrew Diller, and family of the East Brook road, and Mr. and Mrs. Mosteller, went to the summer cottage of Paul Diller near Emington. They found great blocks of ice along the banks of the Allegheny at their cottage.

Mr. and Mrs. Clarence Gillespie, who are well known to many at Gardner as they visit here, have had a serious time as James Gillespie had the scarlet fever, and little Florence, not yet a year old, seemed to have a very slight touch of the fever but had a gathering under her knee and one under her chin, both of which had to be lanced and now Mrs. Gillespie is suffering with a badly swollen ear which is very painful.

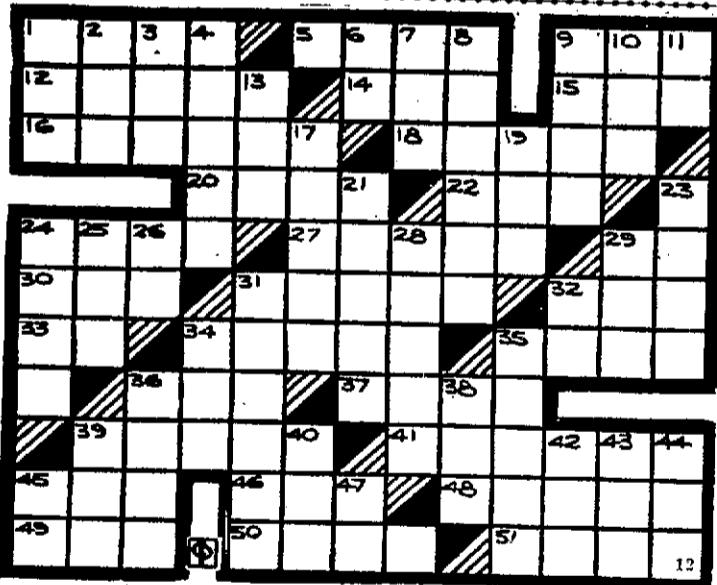

Sounds of merriment from the hay home again. Why is this? Another birthday party. Marian Hay, daughter of Mr. and Mrs. Frank M. Hay of Gardner was twelve years of age on April 3. As a fitting observance of the day about twenty of Marian's friends and schoolmates

B. AND O. MAGAZINE  
HAS BEEN RESUMED

Second issue of the Baltimore and Ohio magazine, discontinued some time ago on account of the depression, has been received by its readers.

The magazine is just a little more compact than the old magazine, but still finds room for all the activities of the B. and O. railroad and its employees.

# Milk Survey Will Be Made

Milk Consumption By  
School Children In Pitts-  
burgh To Be Studied

By ARTHUR C. WIMER  
Special Washington Correspondent

WASHINGTON, D. C., Apr. 12.—Pittsburgh has been selected by the Agricultural Adjustment Administration as the Pennsylvania city in which will be conducted a survey of milk consumption by school children.

The Adjustment Administration will make the study in fifty representative cities of the nation in an effort to get a more accurate picture than has been available of the extent to which the children of the country are receiving or failing to receive this essential food.

"As a first step in sizing up this essential problem we are going after the facts of milk consumption," explained Dr. Frederic C. Howe of the Adjustment Administration. "We want to find out the actual amount of milk consumption among children in the different classes in each community; how much of the family budget goes for milk; the relation between these expenditures and the family income; how much of the family's milk supplies come from relief agencies; and how much the children are getting in the form of butter, cheese and other milk products."

Poor Directors Cut \$100,000  
From Poor Budget  
For Year

MERCER, Pa., April 12.—Mercer county poor directors notified the commissioners today of a \$100,000 reduction in their 1934 budget. The budget filed last November totaled \$325,000. The reduction is result of state relief board activity in reduction of unemployment relief.

Of the total \$150,000 is to be spent in relief outside the home, the remainder in the operation and maintenance of the county home. The commissioners announce they will proceed to a levy of the millage and completion of their budget at once.

**New Type Engine

Will Be Placed In Service  
Between New Castle And  
Chicago soon

Tests are being completed on a new type locomotive by the Baltimore and Ohio railroad, which is expected to be placed in service soon on the Akron-Chicago division between New Castle and Chicago.

The engine was designed to provide a locomotive to handle the 14-car passenger trains on the Capitol Limited, without double-heading, it having been found difficult to maintain sustained speeds with the present light Pacific type locomotives now in use, which has a small fire box, insufficient heating surface, and resultant low boiler pressure.

The locomotive was built at the Mt. Clare shops of the B. and O., and is the first single-expansion, high-pressure locomotive ever constructed. Preliminary tests already indicate that it will meet the requirements for which it was designed.

## Milk Survey Will Be Made

Milk Consumption By  
School Children In Pitts-  
burgh To Be Studied

By ARTHUR C. WIMER,  
Special Washington Correspondent,  
New Castle News.

WASHINGTON, D. C., April 12.—Pittsburgh has been selected by the Agricultural Adjustment Administration as the Pennsylvania city in which will be conducted a survey of milk consumption by school children.

The Adjustment Administration will make the study in fifty representative cities of the nation in an effort to get a more accurate picture than has been available of the extent to which the children of the country are receiving or failing to receive this essential food.

"As a first step in sizing up this essential problem we are going after the facts of milk consumption," explained Dr. Frederic C. How of the Adjustment Administration. "We want to find out the actual amount of milk consumption among children in the different classes in each community; how much of the family budget goes for milk; the relation between these expenditures and the family income; how much of the family's milk supplies come from relief agencies; and how much the children are getting in the form of butter, cheese and other milk products."

KIDNEY TUBES**

Win Back Pep...Vigor... Vitality

Medical authorities agree that your kidneys contain 15 MILES of tiny tubes or filters which help to purify the blood and keep it flowing. You can pour out thru the bladder a pint of fluid a day which contains 4 pounds of waste matter. If you have trouble with too frequent bladder passing, you will amount causing burning and discomfort, then take 15 of kidney tubes need washing out. This danger signal may be the beginning of nagging backache, aches, peevish vitality, getting up nights, lumbago, pain and digestive pains and diseases. Kidneys are empty 5 pints every day and when you are 30 years of age, your body will give up these poison-filled wastes which may knock you out and lay you up for many months. Don't wait for the doctor's intervention. This product has been used successfully by millions of kidney sufferers for over 40 years. They give quick relief and help to wash out the 15 MILES of kidney tubes.

Mrs. Eliza Chamberlain  
Says, "I'm Slowed Up  
Just A Bit," Big Fam-  
ily Gathering

(International News Service)

WESLEYVILLE, Pa., April 12.—Admitting she has slowed up a bit recently, Mrs. Eliza Chamberlain today joined the ranks of the centenarians, celebrating her 100th birthday at the home of her granddaughter, Mrs. Leonard Domer.

Seven grandchildren, 23 great-grandchildren and 25 great-great-grandchildren were on hand at the home to assist her in marking the century milestone of her life. Her husband and 11 children are all alive.

Although she doesn't remember just where she was born, she says it was in New York state near Oswego. She remembers going there to a dairy, as a small girl, to milk cows.

Mrs. Chamberlain says her hands are not quite as steady as they used to be. They quiver occasionally when she attempts to wash dishes or help around the house. She prefers now to sit by the window in her granddaughter's home and watch the world go by.

### Strike Call To Be Consid- ered At Meeting In Fay- ette County

(International News Service)

UNIONTOWN, Pa., April 12.—Whether a strike call will be issued in the Fayette county mine area is to be decided tonight at a special district convention of the United Mine Workers of America here.

William Hynes, district president, who issued the convention call, is said to be against the general movement which has developed in the district's locals to call walkouts in their separate locations.

About 15,000 miners would lay

down their tools in the county if a general strike order is voted. Several miners voted to declare a "holiday" at Smock yesterday. They demanded adjustment of their grievances or action by the national labor board on recent protest petitions.

Hynes and other union leaders have asserted one of the principal grievances of the men was the alleged discrimination of pit bosses and other mine officials against members of the U. M. W.

GREAT FALLS, Mont.—A brilliant meteor that lit up the skies in this vicinity recently changed colors twice before disappearing, according to many motorists driving on the Montana highways, who saw the spectacle. As it flashed over head, they said, the meteor changed from blue to green and then turned red.

### Long Jokes On Nudist Colony

(International News Service)

WASHINGTON, April 12.—Senator Huey (Kingfish) Long (D) of Louisiana said today he did not know there was a "real nudist" in the United States senate.

When the Kingfish was informed that the Rev. Isley Boone, head of the international nudist conference, had stated in New York that a senator had enlisted in the nudist cause, he said:

"I can't give you any names but we have a number of mental nudists in the senate who are eager to get at the bare facts."
